NOTES ON NEWS OF THE DAY.

GOV. HILL started for home from his visit to Fortress Monroe last night, and "Gov." Jones of Binghamton will once more lay down the sceptre to-day. But the state always prospers and is happy under Jones.

DISTRICT ATTORNEY FELLOWS yesterday paid $5,958.95 upon the claim of the Gescheidt estate against him. He had kept this money from the rightful heirs since 1872. There is about $10,000 more to pay. He can probably save it out of his salary if he continues to live a "simple Christian life."

IT'S no use writing to Mrs. Harrison for her influence in securing appointments. She has received several letters already, and to all her answer is that she is not in politics. She also intimates that she does not expect to have much influence with the coming administation, and that her efforts to control patronage might result injuriously to the applicant.

IN the six Congressional districts of South Carolina from which official reports have been received, a total of 60,581 votes were cast for Representatives, an average of 10,097 per district. In the three counties comprising the seventeenth Congressional district of New York 42,500 votes were cast. In South Carolina a voter has the power of more than four voters in Ulster, Delaware or Greene county. This injustice will have to be corrected within the next four years.

THE President yesterday appointed new Postmasters at Pulaski, Dunkirk, Granville and Hudson. Except at Granville the incumbent Postmasters were removed without waiting for the expiration of their commissions. These appointments accord with the report that Mr. Cleveland is going to turn out all Republican office holders and fill their places with Democrats before he goes out himself. He is angry and disappointed because their retention did not make them Democrats.

LORD RANDOLPH CHURCHILL'S recent speech was so friendly to the United States that it is accepted in London as indicating his expectation to be sent to Washington in Lord Sackville's place. England will grow in the respect of this country when she sends one of her foremost statesmen here, instead of a professional diplomat, to whom office is given as a means of support. Sackville has without doubt been a melancholy failure, and Mr. Cleveland is among the men who hold this opinion with a grip of iron.

CARDINAL GIBBONS is the first Catholic prelate to recognize Thanksgiving Day in the United States. He has issued a circular to the clergy of the Baltimore Archdiocese, calling attention to the President's proclamation, and directing that the prayer for the authorities be said after the late mass in each church on the day appointed. Among the special reasons for general thanksgiving and prayer that he mentions, are the temporal prosperity and good order of the country, the mysterious dispensation of providence in the yellow fever pestilence, and the peaceful end of the recent great election contest.

JOSEPH NIMMO, late Chief of the Bureau of Statistics of the United States, has prepared a report on the production and commerce of the country during the seven years from 1880 to 1886 inclusive. The total annual value of the productions during that period was in round numbers $10,000,000,000. The average annual export was $766,135,427 and average annual import $646,774,736. Production has therefore been thirteen times as large as the export and fifteen times as large as the import. The bulk of the production, or twelve-thirteenths of it, goes to the home market. This is a condition produced by protection, and no free trade theory can stand before it.

JUDGE RUCKER of Colorado has challenged Senator Blackburn of Kentucky to mortal combat. The quarrel arose over the statement of Rucker that he heard President Cleveland assert his expectation of defeat because of the unfriendliness or indifference of Hill, Hewitt and Grant. Blackburn claimed to be present when the conversation took place, denied that the President made any such remark, and accused Rucker of falsehood. As both parties are Democrats, the country can afford to suspend the law against dueling till they have had their fight. Democratic bullets never kill Democrats, even at three paces. But they can be relied upon to bring down a "nigger" across a ten acre patch of woods.

THE practice of doing something *outre* and startling in celebration of a marriage received a painful rebuke at St. George, W. Va., yesterday morning. Patrick Waters and Jessie Bates having been married the previous evening, started on a wedding tour through the forests of Tucker county. When they reached an unfinished railroad bridge across the Blackwater river they attempted to cross on the narrow timbers. The bride was half way over when she became dizzy, and with a shriek fell into the foaming current. Her husband instantly plunged after her. The only chance of rescuing the luckless couple was a quarter of a mile below, where the stream was less dangerous. They were taken out of the water locked in each other's arms, and apparently dead. The bride was resuscitated, but the husband was beyond help. It is feared that the woman so suddenly made a widow will become permanently insane.

THE story is now being told that President Cleveland wrote his one-idea free-trade message under the pressure of arguments by Manton Marble, backed by Henry Watterson. Every member of the Cabinet approved except Whitney, who thought he saw danger ahead. Vilas was so earnest that he became discourteous to Whitney and talked contemptuously of "cowardice in politics" and "want of manliness." The conclusion of the Cabinet was that the message should be sent to Congress. It is a little remarkable that this story did not leak out before the election. It is still more remarkable that the party which before election praised Mr. Cleveland for his courage and thanked him for giving it an issue that would win, should now charge upon the message all of its misfortunes and go around hunting for a scapegoat. The party which could not foresee six months ago the death that has come, was hardly fit to inaugurate a "campaign of intellect."

A FIRE IN A SCHOOL HOUSE.

FOR NEW CRUISER "MAINE."

The Navy Department has Invited Proposals for the Construction of a Ship's Machinery.

By Telegraph to The Freeman.

NEW-YORK, Nov. 22.—At 1:15 o'clock this afternoon fire broke out in the First Ward Public School House at Long Island City. One of the pupils of the school had been into the basement and lighted a gas jet. The wood work close to the jet took fire, and a flame instantly shot up through a crevice in the floor. Over 900 children were studying at their desks in the various rooms of the school building.

When the children on the first floor saw the flames shooting up through the boards they raised the cry of "Fire! Fire!" Instantly there was a panic in every room of the building. The children rushed pell-mell for the narrow doors, crowding, jostling and striking each other in their efforts to get out. They did not wait to get their clothing or books.

All efforts on the part of the teachers to bring order out of the chaos proved unavailing. "Fire, fire," ran from one end of the building to the other, and the children became crazed with terror.

Those who succeeded in gaining the stairway in the upper stories were crowded and pushed so they could not stand and many were thrown headforemost down stairs where they landed in heaps of four and five.

In a room on the second floor were 60 children. Their teacher rushed to the door when the terrible alarm was echoed and re-echoed through the building, and placing her back to it, cried out that not one scholar should leave the room until they had formed the fire line and marched out in an orderly manner.

Her authoritative tone had the effect of temporarily restoring the children's presence of mind, and in a few seconds they had formed in line and began to march out.

No sooner had they reached the hallway, however, when they saw the smoke coming up from the lower floor and the terrified children on the stairs. This was too much for them, and again they broke into the wildest disorder. They threw themselves down the stairs in their mad rush for safety, and fell on top of the unfortunate little ones below.

Outside the school-house there was also great confusion. The rumor that the school-house was on fire spread through the streets and a great crowd had gathered. They were yelling, crying, hooting and swearing. Frenzied mothers stood on the sidewalk wringing their hands and crying pitifully to the men about them to assist the little ones inside.

The firemen who were on the scene brought out a few of the injured children and added fuel to the growing excitement.

In the meantime the teachers had succeeded in quieting the little ones, and assured them there was no danger from fire.

The police assisted them in the work and aided the firemen in bringing out the children, who had been bruised and cut in their awful falls down the stairs.

The fire was soon extinguished, and an examination of the little ones was made. It was found that many of them had suffered contusions on their heads and bodies, and that many of them would have to go about for three or four days with bandages over their eyes. A large number were sent home suffering from shock.

PROPOSALS FOR MACHINERY INVITED.

What is Asked of Bidders who Desire to Supply that of Cruiser "Maine."

By Telegraph to The Freeman.

WASHINGTON, Nov. 22.—The Navy Department has invited proposals for the construction of the machinery for the United States armored cruiser "Maine," now building at the New-York Navy Yard, which are to be opened February 15, 1889. Proposals will be received from every American shipbuilder and other person who shall show that within three months after the contract be will be in possession of the necessary plant for the performance of the work. All of the machinery is to be of the best and most modern design constructed in accordance with the Department's designs. The engines must have appliances for working under forced draft and all the machinery must be delivered complete within two years and six months from the date of contract, and must be erected and connected on board within 12 months after the vessel is ready for its reception. The contract will contain a provision relating to premiums and penalties dependent upon the horse-power developed. Three classes of proposals are invited: First, for machinery upon the Department's designs. Second, the same with such alterations as may be suggested by the bidder; and third, for machinery solely upon the bidder's designs. A deposit of 5 per cent of the contract price is required with each bid.

Recalling a Crime Down South.

By Telegraph to The Freeman.

CHATTANOOGA, Tenn., Nov. 22.—General R. H. Biggar, of Atlanta, Ga., was one of those who lost their lives in the European Hotel fire, on the night of November 12, which is supposed to have been incendiary. Yesterday his valise, filled with stones, was found in the Tennessee River. The money which General Biggar was known to have carried in the valise was gone. A negro named Webb was arrested in Cincinnati, a few days ago, and is believed to have been the one who stole the valise. He had $1,400 on his person. The detectives are certain that they will be able to show that the hotel was burned to cover up the murder and robbery.

IN UNITED STATES DISTRICT COURT.

A Number of Important Cases Disposed of at Auburn To-Day.

By Telegraph to The Freeman.

AUBURN, N. Y., Nov. 22.—In the United States Court Dunn and Green, of Buffalo, were convicted of personating Government officials and swindling Polish saloon keepers. Dunn was fined $500 and sentenced to a year and a half in Erie Penitentiary. Green was fined the same and sentenced for one year.

Francis Casey, Buffalo, violating revenue laws, fined $100 and sentenced to six months in the Penitentiary.

John Shields, of Buffalo, embezzling checks from letters, while clerk in Post-Office, sentenced to two years in Erie Penitentiary.

Ex-Congressman Crowley, of Lockport, then made an argument for reduction of bail in case of Erwin A. Gardner, one of defendants in the celebrated opium smuggling case. There are three indictments against him, viz: smuggling opium, conspiracy and larceny. Gardner is confined in Onondaga Penitentiary, unable to obtain bondsmen for $10,000. Judge Coxe reserved his decision until to-morrow.

Judge Brundage, of Buffalo, moved the trial of Lawyer Haines, of Seattle, Wyoming Territory, charged with conspiracy in the opium smuggling case. United States Attorney Lockwood was not ready for trial, and opposed the motion. The Court said preference would be given this case when the District Attorney was ready.

The trial of Joseph Kavanagh, of Elmira, for transmitting false affidavits to the Pension Department, was then opened.

NO DOUBT OF POWDERLY'S ELECTION.

He Will also Control the Other Elections and Appointments.

By Telegraph to The Freeman.

INDIANAPOLIS, Ind., Nov. 22.—The question of elections still agitates the minds of the delegates to the Knights of Labor General Assembly. Every one now acknowledges the certainty of Powderly's re-election and his choice for other positions will be the choice of the Convention. John W. Hayes, Present General Secretary, is said to be Powderly's choice for General Secretary and Treasurer, and although Frederick Turner, General Treasurer, is a candidate and is deservedly popular, Mr. Hayes stands the best chance. Mrs. L. M. Barry will undoubtedly be re-elected to her position in charge of woman's work, and if Richard Griffiths, of Chicago, desires the place he may continue to serve as General Worthy Foreman. Mr. Powderly's nominations for members of the General Executive Board cannot be so readily predicted. A Canadian member is desired and W. W. Wright is the man whom the Northern delegates will suggest. McGuire and Aylsworth, of the present Board, and O'Reilly, of New-York, and Hugh Cavanagh, of Cincinnati, have a good chance of being selected.

Some think an adjournment may be taken Saturday night, while others look for from one to two weeks longer stay in this City.

HON. LEVI P. MORTON IN WASHINGTON

He is Accompanied by His Wife—Interviewed by a Newspaper Reporter.

By Telegraph to The Freeman.

WASHINGTON, Nov. 22.—Vice-President-elect Levi P. Morton and Mrs. Morton are spending the day in Washington. They came over from New-York City last night and expect to return to-morrow morning. To a reporter Mr. Morton stated that his visit was for the purpose of inspecting his large apartment house, now approaching completion on the site of the residence occupied by him during his previous stay in Washington. He had not before seen the building, and he came now at the request of the architect to note the progress of the work.

"When do you expect to visit General Harrison?" was asked.

"I don't know. That hasn't been settled yet. It will depend upon the mutual convenience of the parties."

Mr. Morton desired to be as free from public notice as possible during his stay and for that reason did not, as usual, stop at any of the hotels, but is the guest of his sister Mrs. Hobson, on N-street.

Upon politics he had nothing to say. The Vice-President elect bears every appearance of perfect health.

Attacking the Judges.

By Cable to The Freeman.

DUBLIN, Nov. 22.—The *United Ireland* makes a furious attack on the Parnell Commission because of the heavy fine imposed upon Edward Harrington. It says whether it is guilty of contempt or not it will not abstain from commenting on the action of the Judges. It then reiterates the charges made by the *Kerry Sentinel* against the Commission and asserts that the Government, whose existence is at stake, has packed the Court.

By Telegraph to The Freeman.

ST. PAUL, Minn., Nov. 22.—A meeting of prominent Irish Americans was held here last night under the auspices of the local branch of the Land League to consider the best means of raising funds to assist Parnell in his suit against the *London Times*. It was decided to hold a mass meeting. The *Pioneer Press* opened a Parnell defense fund this morning, Bishop Grace heading it with $50.

THE STOCK AND MONEY MARKET.

Financial Doings on Wall-Street To-Day—The Leading Closing Quotations.

By Telegraph to The Freeman.

NEW-YORK, Nov. 22.—London prices came materially higher, this morning, and first prices here were in marked contrast to the depression of last evening, being generally from ⅛ to ⅜ higher, the latter Louisville & Nashville and Lackawanna, while Canada Southern was a marked exception, being down ⅛. The high prices, however, seemed made only to sell stocks upon, as the market receded immediately, and during the first 20 minutes, when a very heavy business was transacted, the general list declined from ¼ to ⅝ per cent., the latter in Northwest and Lackawanna, which were closely followed by New-England and Union Pacific. Omaha and Richmond & West Point, however, were the special features of the decline, losing 1¼ and 1⅛ respectively, and Omaha preferred declined 1 per cent. At 11 o'clock the market was quiet and rather heavy.

COUNTERFEITER FOR TWENTY YEARS.

It is Believed Richardson Will Tell All He Knows About the Business.

By Telegraph to The Freeman.

BUFFALO, Nov. 22.—Though the authorities refuse to talk about the recent big capture of counterfeiters in Western New-York and Pennsylvania, a few facts have leaked out to show it to be one of the most important cases on record. The man Richardson, who was brought to Buffalo Tuesday night by Special Agent Lyons, is not only respectable, but is in more than comfortable circumstances. He has a delightful home at Casadaga, and is the father of two estimable daughters almost grown to womanhood. It is stated that the Government has for years tried to get a case on Richardson, but never with success until this was worked up. For 20 years, it is believed, he has been making counterfeit money, and no man in the United States has ever been able to produce a spurious coin so near like the genuine as he has. The other six men interested with him circulated the coin, but Richardson, it is alleged, was the manufacturer. Detective Lyons took him to Auburn this morning, where the United States District Court is in session, and he will at once be brought before the Grand Jury. That part of the proceedings will probably be a formality, as Richardson expressed a willingness to tell all he knew about it, and would give up the whole business.

More Settlers to be Evicted.

By Telegraph to The Freeman.

MASON CITY, Ia., Nov. 22.—One hundred more writs of ejectment were served on settlers on the DesMoines River lands yesterday. The settlers were driven out of their houses, their effects were piled up in the roads and their doors and windows were barred against them. The Land Company make no compromises, and when the settlers make overtures to buy their land, as many of them are doing, they are charged from $16 to $26 per acre. Trouble has thus far been happily averted, but the settlers around Lehigh have formed a Union, with R. S. Boynton as their President. It is expected this Union will issue a circular outlining their grievances and making known their intentions.

Only One New Case of Fever.

Complaining About an Inspector.

By Telegraph to The Freeman.

WASHINGTON, Nov. 22.—A committee of eight New-York importers of woolen goods called on Assistant Secretary Maynard at the Treasury Department, to-day, and preferred formal charges against Assistant Appraiser Edgar A. Brown, in charge of the division of wool and woolen goods at the New-York Custom House. They charge him with unlawful discrimination in the appraisement of their importations, and complain generally against his administration of the affairs of that division.

Tramps Discharged.

By Telegraph to The Freeman.

SPRINGFIELD, Mass., Nov. 22.—The Police Court room was full of spectators this morning when the cases of the tramps who attacked the train at Indian Orchard last Saturday were called. The charge against the prisoners was that of interfering with the conductor. After the taking of evidence in the case of Charles Wilson, the Judge announced that all the testimony was immaterial and ordered the discharge of the tramps.

Joseph Kavanagh Acquitted.

By Cable to The Freeman.

LONDON, Nov. 22.—Joseph Kavanagh, who tried to shoot Patrick Lane in a tavern near the Law Courts on the first instant, was arraigned in Court to-day and charged with attempted murder. The *Times* provided him with counsel. Lane was called as a witness, but his manner of answering questions was so flippant that the Judge ordered him to leave the box. The prisoner was acquitted amid the applause of the spectators.

ULSTER CO. BOARD OF SUPERVISORS.

What was Said and Done in Kingston, Last Evening—Routine Business.

The Ulster County Board of Supervisors met again last evening.

A communication from the West Shore Railroad Company, asking that $219.07 be refunded for overpaid taxes in the town of Ulster in 1887 was read. The facts shown were that in 1886 and 1887 the property was valued on the tax roll of that town at $51,000. In 1887, in carrying out the value of one lot of $1,000, by mistake it was made $10,000, making the valuation $60,000. The tax paid on the $9,000 and interest is the amount which the Company desires to have paid back. Referred to the Committee on Errors in Assessments.

Supervisor Irving Deyo moved that the salary of the Deputy County Treasurer be the same as last year, $1,000. Over under the rule.

The following resolutions went over under the rule: By Supervisor Kearney, to raise on the town of Kingston, railroad debt, $425.71; by Supervisor Cooper, to raise on Woodstock $150 for support of the poor, $250 for roads and bridges, and $1,102.50 to pay note given for repairs to roads and bridges; by Supervisor VanTassel, to raise on the town of Rosendale $260 to pay for road machine; by Supervisor Fitzgerald, to appoint Nicholas Murphy Sealer of Weights and Measures for Ulster County at a salary of $10 per year.

The following resolutions were adopted: By Supervisor Irving Deyo, to raise $200 on the Second School Commissioner District; by Supervisor Brink, to raise $1,500 on the County for the burial of deceased soldiers; by Supervisor Sutton, to raise on the town of Plattekill $150 for Commissioner of Highways; by Supervisor Cooper, on that part of the town of Woodstock taken from the town of Kingston $290.14 for railroad indebtedness; by Supervisor VanEtten, on the town of Saugerties $2,500 for Commissioner of Highways; by Supervisor Childs, on the town of Wawarsing $14,680; by Supervisor McMillen, on the town of Olive $250 for roads and bridges, $213.75 for road machine; by Supervisor Smedes, on the town of Hurley $100 for support of the poor and $1,200 for Commissioner of Highways.

Supervisor Childs called up the resolution to levy upon the County $986.80, on the cost of two wrought iron bridges between the counties of Orange and Ulster. The law was read, showing that the counties should each pay one-sixth of the cost.

On motion of Supervisor Irving Deyo, the matter was referred to Counsel of the Board.

Supervisor Craft presened a bill in favor of John Hansee, asking payment of $306.72 from the County. The facts alleged of the case were stated by Mr. Hansee and his counsel, William Lounsbery, and are, in brief, as follows: Hansee bought 1,300 acres of wild land in Ulster County of the State Comptroller, at a sale in 1877. Later he paid the County Treasurer taxes on the land to the amount of $216. Through some technicality the sale made by the Comptroller was declared void. Hansee says he never took possession of the land or derived any benefit from it. The lands are now in the forestry tract, owned by the State. Hansee claims the County should pay him back the money he paid for taxes and seven years interest, in all amounting to $306.72.

As the matter had been referred to the Committee on Forestry Laws, Supervisor VanTassel moved that action be deferred until the Committee reported. Carried.

Adjourned until 7 o'clock this evening.

About License Laws.

By Telegraph to The Freeman.

NEW-YORK, Nov. 22.—The Commissioners appointed to consider the propriety of revising the excise laws resume work to-day their day. Excise Commissioner Andrews said the Commissioners would approve of allowing the widow or trustee of a licensee to continue the business under the license that had been issued to the deceased owner. The place, and not the person, should be licensed, as the present system works injury to property. Certain places in the neighborhood of printing offices, markets, etc., should be permitted to keep open all night, licenses for such places only to be granted on the petition of a majority of the property-holders in the immediate neighborhood.

J. L. Mitchell, of the Anti-Saloon Republican League, of Brooklyn, thought that in large cities the license should be $1,000, and that women should not be granted licenses.

CHICAGO, Ills., Nov. 22.—The strike fever has at last reached the Church, and the result is a queer complication at the extreme ritualistic Episcopal Church of the Ascension. It transpires that the acolytes of the Church, who bear a prominent part in the service, formed a society, which they named the Sanctuary Guild. Frank Phillps, the Server, was its President. A member of the Guild was Louis Carciotto. He was an Italian, dark, good-looking and imperious. He was the Dean of the Guild and insisted on calling himself Master of Ceremonies. During the service he would make gestures bidding them to do this and that, mortifying them in the presence of the congregation. So the acolytes revolted, and, with the aid of Mr. Barry, the Lay Reader, drew up a set of resolutions deposing Carciotto from the Mastership of the Ceremonies. When Father Larrabee, the Rector, heard of this proceeding he called Mr Barry to account for aiding and abetting the boys in their mutiny, and deposed him from the position of Lay Reader. The boys thereupon became indignant and formulated an ultimatum to the effect that unless the Rector restored Mr. Barry they would strike and refuse to take part in the services. Father Larrabee declined to reinstate Mr. Barry, and the result was that on Sunday last the services were shorn of much of their ritualistic character, owing to the absence of the Crucifer, the Thurifer, the Servers and other acolytes, and of the Lay Reader. Public opinion is divided. Mr. Larrabee is commended on the point of discipline; the acolytes are applauded for their valor.

What Emperor William Had to Say in His Speech To-Day.

By Cable to The Freeman.

BERLIN, Nov. 22.—The Reichstag reassembled to-day. Emperor William opened the session in person. In his speech he said that the tours he had recently made had convinced him that the desire for Imperial unity was deeply rooted in the people. He referred to the inclusion of Hamburg and Bremen in the German Customs Union and to the conclusion of a commercial convention with Switzerland. He was gratified to know that trade had improved, and said that the prospect of higher prices for farming produce justified the hope of an improvement in agriculture. He emphasized the pacific character of Germany's foreign relations and policy, and said his visits abroad, which had been undertaken with a view to effecting an understanding in the interest of peace, had caused universal confidence in the maintenance of peace. The Emperor made no reference to any military bills or credits, and touched but briefly upon East-African affairs.

THE DAKOTA MILLERS TO ORGANIZE.

Efforts will be Made to Secure Greater Uniformity in Wheat Grades.

By Telegraph to The Freeman.

ST. PAUL, Minn., Nov. 22.—The *Pioneer Press* learns that representatives of 24 mills in Southern Dakota met at Aberdeen, yesterday, to organize an association. Its object is to advance the standard of industry. An intention of a trust or combination is expressly denied. Efforts will be made to secure greater uniformity in grades and to prevent the pirating of brands by Eastern dealers. Conversation with millers from nearly every section of Southern and Central Dakota develops the fact that the wheat in store is generally less than last year.

NOTES ON NEWS OF THE DAY.

GOV. HILL started for home from his visit to Fortress Monroe last night, and "Gov." Jones of Binghamton will once more lay down the sceptre to-day. But the state always prospers and is happy under Jones.

DISTRICT ATTORNEY FELLOWS yesterday paid $5,958.95 upon the claim of the Gescheidt estate against him. He had kept this money from the rightful heirs since 1872. There is about $10,000 more to pay. He can probably save it out of his salary if he continues to live a "simple Christian life."

IT'S no use writing to Mrs. Harrison for her influence in securing appointments. She has received several letters already, and to all her answer is that she is not in politics. She also intimates that she does not expect to have much influence with the coming administation, and that her efforts to control patronage might result injuriously to the applicant.

IN the six Congressional districts of South Carolina from which official reports have been received, a total of 60,581 votes were cast for Representatives, an average of 10,097 per district. In the three counties comprising the seventeenth Congressional district of New York 42,500 votes were cast. In South Carolina a voter has the power of more than four voters in Ulster, Delaware or Greene county. This injustice will have to be corrected within the next four years.

THE President yesterday appointed new Postmasters at Pulaski, Dunkirk, Granville and Hudson. Except at Granville the incumbent Postmasters were removed without waiting for the expiration of their commissions. These appointments accord with the report that Mr. Cleveland is going to turn out all Republican office holders and fill their places with Democrats before he goes out himself. He is angry and disappointed because their retention did not make them Democrats.

LORD RANDOLPH CHURCHILL'S recent speech was so friendly to the United States that it is accepted in London as indicating his expectation to be sent to Washington in Lord Sackville's place. England will grow in the respect of this country when she sends one of her foremost statesmen here, instead of a professional diplomat, to whom office is given as a means of support. Sackville has without doubt been a melancholy failure, and Mr. Cleveland is among the men who hold this opinion with a grip of iron.

CARDINAL GIBBONS is the first Catholic prelate to recognize Thanksgiving Day in the United States. He has issued a circular to the clergy of the Baltimore Archdiocese, calling attention to the President's proclamation, and directing that the prayer for the authorities be said after the late mass in each church on the day appointed. Among the special reasons for general thanksgiving and prayer that he mentions, are the temporal prosperity and good order of the country, the mysterious dispensation of providence in the yellow fever pestilence, and the peaceful end of the recent great election contest.

JOSEPH NIMMO, late Chief of the Bureau of Statistics of the United States, has prepared a report on the production and commerce of the country during the seven years from 1880 to 1886 inclusive. The total annual value of the productions during that period was in round numbers $10,000,000,000. The average annual export was $766,135,427 and average annual import $646,774,736. Production has therefore been thirteen times as large as the export and fifteen times as large as the import. The bulk of the production, or twelve-thirteenths of it, goes to the home market. This is a condition produced by protection, and no free trade theory can stand before it.

JUDGE RUCKER of Colorado has challenged Senator Blackburn of Kentucky to mortal combat. The quarrel arose over the statement of Rucker that he heard President Cleveland assert his expectation of defeat because of the unfriendliness or indifference of Hill, Hewitt and Grant. Blackburn claimed to be present when the conversation took place, denied that the President made any such remark, and accused Rucker of falsehood. As both parties are Democrats, the country can afford to suspend the law against dueling till they have had their fight. Democratic bullets never kill Democrats, even at three paces. But they can be relied upon to bring down a "nigger" across a ten acre patch of woods.

THE practice of doing something *outre* and startling in celebration of a marriage received a painful rebuke at St. George, W. Va., yesterday morning. Patrick Waters and Jessie Bates having been married the previous evening, started on a wedding tour through the forests of Tucker county. When they reached an unfinished railroad bridge across the Blackwater river they attempted to cross on the narrow timbers. The bride was half way over when she became dizzy, and with a shriek fell into the foaming current. Her husband instantly plunged after her. The only chance of rescuing the luckless couple was a quarter of a mile below, where the stream was less dangerous. They were taken out of the water locked in each other's arms, and apparently dead. The bride was resuscitated, but the husband was beyond help. It is feared that the woman so suddenly made a widow will become permanently insane.

THE story is now being told that President Cleveland wrote his one-idea free-trade message under the pressure of arguments by Manton Marble, backed by Henry Watterson. Every member of the Cabinet approved except Whitney, who thought he saw danger ahead. Vilas was so earnest that he became discourteous to Whitney and talked contemptuously of "cowardice in politics" and "want of manliness." The conclusion of the Cabinet was that the message should be sent to Congress. It is a little remarkable that this story did not leak out before the election. It is still more remarkable that the party which before election praised Mr. Cleveland for his courage and thanked him for giving it an issue that would win, should now charge upon the message all of its misfortunes and go around hunting for a scapegoat. The party which could not foresee six months ago the death that has come, was hardly fit to inaugurate a "campaign of intellect."

FOR NEW CRUISER "MAINE."

The Navy Department has Invited Proposals for the Construction of a Ship's Machinery.

By Telegraph to The Freeman.

NEW-YORK, Nov. 22.—At 1:15 o'clock this afternoon fire broke out in the First Ward Public School House at Long Island City. One of the pupils of the school had been into the basement and lighted a gas jet. The wood work close to the jet took fire, and a flame instantly shot up through a crevice in the floor. Over 900 children were studying at their desks in the various rooms of the school building.

When the children on the first floor saw the flames shooting up through the boards they raised the cry of "Fire! Fire!" Instantly there was a panic in every room of the building. The children rushed pell-mell for the narrow doors, crowding, jostling and striking each other in their efforts to get out. They did not wait to get their clothing or books.

All efforts on the part of the teachers to bring order out of the chaos proved unavailing. "Fire, fire," ran from one end of the building to the other, and the children became crazed with terror.

Those who succeeded in gaining the stairway in the upper stories were crowded and pushed so they could not stand and many were thrown headforemost down stairs where they landed in heaps of four and five.

In a room on the second floor were 60 children. Their teacher rushed to the door when the terrible alarm was echoed and re-echoed through the building, and placing her back to it, cried out that not one scholar should leave the room until they had formed the fire line and marched out in an orderly manner.

Her authoritative tone had the effect of temporarily restoring the children's presence of mind, and in a few seconds they had formed in line and began to march out.

No sooner had they reached the hallway, however, when they saw the smoke coming up from the lower floor and the terrified children on the stairs. This was too much for them, and again they broke into the wildest disorder. They threw themselves down the stairs in their mad rush for safety, and fell on top of the unfortunate little ones below.

Outside the school-house there was also great confusion. The rumor that the school-house was on fire spread through the streets and a great crowd had gathered. They were yelling, crying, hooting and swearing. Frenzied mothers stood on the sidewalk wringing their hands and crying pitifully to the men about them to assist the little ones inside.

The firemen who were on the scene brought out a few of the injured children and added fuel to the growing excitement.

In the meantime the teachers had succeeded in quieting the little ones, and assured them there was no danger from fire.

The police assisted them in the work and aided the firemen in bringing out the children, who had been bruised and cut in their awful falls down the stairs.

The fire was soon extinguished, and an examination of the little ones was made. It was found that many of them had suffered contusions on their heads and bodies, and that many of them would have to go about for three or four days with bandages over their eyes. A large number were sent home suffering from shock.

PROPOSALS FOR MACHINERY INVITED.

What is Asked of Bidders who Desire to Supply that of Cruiser "Maine."

By Telegraph to The Freeman.

WASHINGTON, Nov. 22.—The Navy Department has invited proposals for the construction of the machinery for the United States armored cruiser "Maine," now building at the New-York Navy Yard, which are to be opened February 15, 1889. Proposals will be received from every American ship-builder and other person who shall show that within three months after the contract be will be in possession of the necessary plant for the performance of the work. All of the machinery is to be of the best and most modern design constructed in accordance with the Department's designs. The engines must have appliances for working under forced draft and all the machinery must be delivered complete within two years and six months from the date of contract, and must be erected and connected on board within 12 months after the vessel is ready for its reception. The contract will contain a provision relating to premiums and penalties dependent upon the horse-power developed. Three classes of proposals are invited: First, for machinery upon the Department's designs. Second, the same with such alterations as may be suggested by the bidder; and third, for machinery solely upon the bidder's designs. A deposit of 5 per cent of the contract price is required with each bid.

Recalling a Crime Down South.

By Telegraph to The Freeman.

CHATTANOOGA, Tenn., Nov. 22.—General R. H. Biggar, of Atlanta, Ga., was one of those who lost their lives in the European Hotel fire, on the night of November 12, which is supposed to have been incendiary. Yesterday his valise, filled with stones, was found in the Tennessee River. The money which General Biggar was known to have carried in the valise was gone. A negro named Webb was arrested in Cincinnati, a few days ago, and is believed to have been the one who stole the valise. He had $1,400 on his person. The detectives are certain that they will be able to show that the hotel was burned to cover up the murder and robbery.

IN UNITED STATES DISTRICT COURT.

A Number of Important Cases Disposed of at Auburn To-Day.

By Telegraph to The Freeman.

AUBURN, N. Y., Nov. 22.—In the United States Court Dunn and Green, of Buffalo, were convicted of personating Government officials and swindling Polish saloon keepers. Dunn was fined $500 and sentenced to a year and a half in Erie Penitentiary. Green was fined the same and sentenced for one year.

Francis Casey, Buffalo, violating revenue laws, fined $100 and sentenced to six months in the Penitentiary.

John Shields, of Buffalo, embezzling checks from letters, while clerk in Post-Office, sentenced to two years in Erie Penitentiary.

Ex-Congressman Crowley, of Lockport, then made an argument for reduction of bail in case of Erwin A. Gardner, one of defendants in the celebrated opium smuggling case. There are three indictments against him, viz: smuggling opium, conspiracy and larceny. Gardner is confined in Onondaga Penitentiary, unable to obtain bondsmen for $10,000. Judge Coxe reserved his decision until to-morrow.

Judge Brundage, of Buffalo, moved the trial of Lawyer Haines, of Seattle, Wyoming Territory, charged with conspiracy in the opium smuggling case. United States Attorney Lockwood was not ready for trial, and opposed the motion. The Court said preference would be given this case when the District Attorney was ready.

The trial of Joseph Kavanagh, of Elmira, for transmitting false affidavits to the Pension Department, was then opened.

NO DOUBT OF POWDERLY'S ELECTION.

He Will also Control the Other Elections and Appointments.

By Telegraph to The Freeman.

INDIANAPOLIS, Ind., Nov. 22.—The question of elections still agitates the minds of the delegates to the Knights of Labor General Assembly. Every one now acknowledges the certainty of Powderly's re-election and his choice for other positions will be the choice of the Convention. John W. Hayes, Present General Secretary, is said to be Powderly's choice for General Secretary and Treasurer, and although Frederick Turner, General Treasurer, is a candidate and is deservedly popular, Mr. Hayes stands the best chance. Mrs. L. M. Barry will undoubtedly be re-elected to her position in charge of woman's work, and if Richard Griffiths, of Chicago, desires the place he may continue to serve as General Worthy Foreman. Mr. Powderly's nominations for members of the General Executive Board cannot be so readily predicted. A Canadian member is desired and W. W. Wright is the man whom the Northern delegates will suggest. McGuire and Aylsworth, of the present Board, and O'Reilly, of New-York, and Hugh Cavanagh, of Cincinnati, have a good chance of being selected.

Some think an adjournment may be taken Saturday night, while others look for from one to two weeks longer stay in this City.

HON. LEVI P. MORTON IN WASHINGTON

He is Accompanied by His Wife—Interviewed by a Newspaper Reporter.

By Telegraph to The Freeman.

WASHINGTON, Nov. 22.—Vice-President-elect Levi P. Morton and Mrs. Morton are spending the day in Washington. They came over from New-York City last night and expect to return to-morrow morning. To a reporter Mr. Morton stated that his visit was for the purpose of inspecting his large apartment house, now approaching completion on the site of the residence occupied by him during his previous stay in Washington. He had not before seen the building, and he came now at the request of the architect to note the progress of the work.

"When do you expect to visit General Harrison?" was asked.

"I don't know. That hasn't been settled yet. It will depend upon the mutual convenience of the parties."

Mr. Morton desired to be as free from public notice as possible during his stay and for that reason did not, as usual, stop at any of the hotels, but is the guest of his sister Mrs. Hobson, on N-street.

Upon politics he had nothing to say. The Vice-President elect bears every appearance of perfect health.

THE STOCK AND MONEY MARKET.

Financial Doings on Wall-Street To-Day—The Leading Closing Quotations.

By Telegraph to The Freeman.

NEW-YORK, Nov. 22.—London prices came materially higher, this morning, and first prices here were in marked contrast to the depression of last evening, being generally from ¼ to ⅝ higher, the latter Louisville & Nashville and Lackawanna, while Canada Southern was a marked exception, being down ⅛. The high prices, however, seemed made only to sell stocks upon, as the market receded immediately, and during the first 20 minutes, when a very heavy business was transacted, the general list declined from ¼ to ⅞ per cent., the latter in Northwest and Lackawanna, which were closely followed by New-England and Union Pacific. Omaha and Richmond & West Point, however, were the special features of the decline, losing 1¼ and 1½ respectively, and Omaha preferred declined 1 per cent. At 11 o'clock the market was quiet and rather heavy.

COUNTERFEITER FOR TWENTY YEARS.

It is Believed Richardson Will Tell All He Knows About the Business.

By Telegraph to The Freeman.

BUFFALO, Nov. 22.—Though the authorities refuse to talk about the recent big capture of counterfeiters in Western New-York and Pennsylvania, a few facts have leaked out to show it to be one of the most important cases on record. The man Richardson, who was brought to Buffalo Tuesday night by Special Agent Lyons, is not only respectable, but is in more than comfortable circumstances. He has a delightful home at Casadaga, and is the father of two estimable daughters almost grown to womanhood. It is stated that the Government has for years tried to get a case on Richardson, but never with success until this was worked up. For 20 years, it is believed, he has been making counterfeit money, and no man in the United States has ever been able to produce a spurious coin so near like the genuine as he has. The other six men interested with him circulated the coin, but Richardson, it is alleged, was the manufacturer. Detective Lyons took him to Auburn this morning, where the United States District Court is in session, and he will at once be brought before the Grand Jury. That part of the proceedings will probably be a formality, as Richardson expressed a willingness to tell all he knew about it, and would give up the whole business.

More Settlers to be Evicted.

By Telegraph to The Freeman.

MASON CITY, Ia., Nov. 22.—One hundred more writs of ejectment were served on settlers on the Des Moines River lands yesterday. The settlers were driven out of their houses, their effects were piled up in the roads and their doors and windows were barred against them. The Land Company make no compromises, and when the settlers make overtures to buy their land, as many of them are doing, they are charged rrom $16 to $26 per acre. Trouble has thus far been happily averted, but the settlers around Lehigh have formed a Union, with R. S. Boynton as their President. It is expected this Union will issue a circular outlining their grievances and making known their intentions.

ULSTER CO. BOARD OF SUPERVISORS.

What was Said and Done in Kingston, Last Evening—Routine Business.

The Ulster County Board of Supervisors met again last evening.

A communication from the West Shore Railroad Company, asking that $219.07 be refunded for overpaid taxes in the town of Ulster in 1887 was read. The facts shown were that in 1886 and 1887 the property was valued on the tax roll of that town at $51,000. In 1887, in carrying out the value of one lot of $1,000, by mistake it was made $10,000, making the valuation $60,000. The tax paid on the $9,000 and interest is the amount which the Company desires to have paid back. Referred to the Committee on Errors in Assessments.

Supervisor Irving Deyo moved that the salary of the Deputy County Treasurer be the same as last year, $1,000. Over under the rule.

The following resolutions went over under the rule: By Supervisor Kearney, to raise on the town of Kingston, railroad debt, $425.71; by Supervisor Cooper, to raise on Woodstock $150 for support of the poor, $250 for roads and bridges, and $1,102.50 to pay note given for repairs to roads and bridges; by Supervisor VanTassel, to raise on the town of Rosendale $260 to pay for road machine; by Supervisor Fitzgerald, to appoint Nicholas Murphy Sealer of Weights and Measures for Ulster County at a salary of $10 per year.

The following resolutions were adopted: By Supervisor Irving Deyo, to raise $200 on the Second School Commissioner District; by Supervisor Brink, to raise $1,500 on the County for the burial of deceased soldiers; by Supervisor Sutton, to raise on the town of Plattekill $150 for Commissioner of Highways; by Supervisor Cooper, on that part of the town of Woodstock taken from the town of Kingston $290.14 for railroad indebtedness; by Supervisor VanEtten, on the town of Saugerties $2,500 for Commissioner of Highways; by Supervisor Childs, on the town of Wawarsing $14,680; by Supervisor McMillen, on the town of Olive $250 for roads and bridges, $213.75 for road machine; by Supervisor Smedes, on the town of Hurley $100 for support of the poor and $1,200 for Commissioner of Highways.

Supervisor Childs called up the resolution to levy upon the County $986.80, on the cost of two wrought iron bridges between the counties of Orange and Ulster. The law was read, showing that the counties should each pay one-sixth of the cost.

On motion of Supervisor Irving Deyo, the matter was referred to Counsel of the Board.

Supervisor Craft presened a bill in favor of John Hansee, asking payment of $306.72 from the County. The facts alleged of the case were stated by Mr. Hansee and his counsel, William Lounsbery, and are, in brief, as follows: Hansee bought 1,300 acres of wild land in Ulster County of the State Comptroller, at a sale in 1877. Later he paid the County Treasurer taxes on the land to the amount of $216. Through some technicality the sale made by the Comptroller was declared void. Hansee says he never took possession of the land or derived any benefit from it. The lands are now in the forestry tract, owned by the State. Hansee claims the County should pay him back the money he paid for taxes and seven years interest, in all amounting to $306.72.

As the matter had been referred to the Committee on Forestry Laws, Supervisor VanTassel moved that action be deferred until the Committee reported. Carried.

Adjourned until 7 o'clock this evening.

About License Laws.

By Telegraph to The Freeman.

NEW-YORK, Nov. 22.—The Commissioners appointed to consider the propriety of revising the excise laws resume work to-d their day. Excise Commissioner Andrews said the Commissioners would approve of allowing the widow or trustee of a licensee to continue the business under the license that had been issued to the deceased owner. The place, and not the person, should be licensed, as the present system works injury to property. Certain places in the neighborhood of printing offices, markets, etc., should be permitted to keep open all night, licenses for such places only to be granted on the petition of a majority of the property-holders in the immediate neighborhood.

J. L. Mitchell, of the Anti-Saloon Republican League, of Brooklyn, thought that in large cities the license should be $1,000, and that women should not be granted licenses.

An Abused Indiana Man Who Asks for Ten Thousand Dollars Damages of Eight Men.

By Telegraph to The Freeman.

CHICAGO, Ills., Nov. 22.—The strike fever has at last reached the Church, and the result is a queer complication at the extreme ritualistic Episcopal Church of the Ascension. It transpires that the acolytes of the Church, who bear a prominent part in the service, formed a society, which they named the Sanctuary Guild. Frank Phillps, the Server, was its President. A member of the Guild was Louis Carciotto. He was an Italian, dark, good-looking and imperious. He was the Dean of the Guild and insisted on calling himself Master of Ceremonies. During the service he would make gestures bidding them to do this and that, mortifying them in the presence of the congregation. So the acolytes revolted, and, with the aid of Mr. Barry, the Lay Reader, drew up a set of resolutions deposing Carciotto from the Mastership of the Ceremonies. When Father Larrabee, the Rector, heard of this proceeding he called Mr Barry to account for aiding and abetting the boys in their mutiny, and deposed him from the position of Lay Reader. The boys thereupon became indignant and formulated an ultimatum to the effect that unless the Rector restored Mr. Barry they would strike and refuse to take part in the services. Father Larrabee declined to reinstate Mr. Barry, and the result was that on Sunday last the services were shorn of much of their ritualistic character, owing to the absence of the Crucifer, the Thurifer, the Servers and other acolytes, and of the Lay Reader. Public opinion is divided. Mr. Larrabee is commended on the point of discipline; the acolytes are applauded for their valor.

OPENED REICHSTAG IN PERSON.

What Emperor William Had to Say in His Speech To-Day.

By Cable to The Freeman.

BERLIN, Nov. 22.—The Reichstag reassembled to-day, Emperor William opened the session in person. In his speech he said that the tours he had recently made had convinced him that the desire for Imperial unity was deeply rooted in the people. He referred to the inclusion of Hamburg and Bremen in the German Customs Union and to the conclusion of a commercial convention with Switzerland. He was gratified to know that trade had improved, and said that the prospect of higher prices for farming produce justified the hope of an improvement in agriculture. He emphasized the pacific character of Germany's foreign relations and policy, and said his visits abroad, which had been undertaken with a view to effecting an understanding in the interest of peace, had caused universal confidence in the maintenance of peace. The Emperor made no reference to any military bills or credits, and touched but briefly upon East-African affairs.

THE DAKOTA MILLERS TO ORGANIZE.

Efforts will be Made to Secure Greater Uniformity in Wheat Grades.

By Telegraph to The Freeman.

ST. PAUL, Minn., Nov. 22.—The *Pioneer Press* learns that representatives of 24 mills in Southern Dakota met at Aberdeen, yesterday, to organize an association. Its object is to advance the standard of industry. An intention of a trust or combination is expressly denied. Efforts will be made to secure greater uniformity in grades and to prevent the pirating of brands by Eastern dealers. Conversation with millers from nearly every section of Southern and Central Dakota develops the fact that the wheat in store is generally less than last year.

TOPEKA, Kans., Nov. 22.—At the closing session of the National Grange, California, Joseph H. A resolution urging that United States Senators be elected directly by the people was passed, as was also a resolution advocating pure food.

WASHINGTON, Nov. 22.—*Indications for Friday: Fair, northeasterly winds.*

FRAUDS THAT CANNOT WIN.

If the *Tribune's* Washington correspondent is correctly informed, the Democratic scheme of stealing the next House has not been abandoned, but is still being industriously prosecuted. All the frauds are to be consummated in the South, where the Democrats hold entire control of the election machinery. Eighteen Republicans have been elected in the Southern states, but only four of these are to be counted in and given certificates of election. The Democrats will take three of the West Virginia Representatives, one in Florida, two in Arkansas, one in Louisiana, one in North Carolina, one in South Carolina, one in Kentucky, one in Tennessee, one in Maryland, and every seat in Virginia to which a Republican was elected.

There is no way to prevent these proceedings, for the South is the master of its own count. The Governors of the several states in which the defeated members are counted in will give them certificates of election and send them to Washington. The Clerk of the House will put their names on the roll, and they will go through the farce of organizing the House unless the Republican members object. If violence should result, the Republican executive would have the right to interfere. But this is not likely to happen. The Democrats of the South will find that in counting on the connivance or acquiescense of honorable Democratic Representatives from the North, like Randall, Cox, McAdoo, Buckalew, Holman, O'Neil, Seney and others, who believe in honest elections, they have made a mistake. There will be delay, confusion and public disturbance, but eventually the Republicans will secure their rightful majority. This is what the country expects. There is not an intelligent Democrat who believes the plot can succeed; there is not an honest one who wishes his party to bear the new dishonor of seizing unlawfully one branch of Congress.

The men who take their fraudulent certificates to Washington will undoubtedly go prepared to lose their seats. Congress has been very kind toward unsuccessful parties in contests between claimants, voting them invariably the full expense of conducting their cases and a liberal sum besides as a salve to their disappointments. Such an allowance, rather than a successful result, is what many are looking for. As long as Congress continues this indulgence there will be a strong temptation to commit fraud, and a Democratic Governor of a Southern state can generally be persuaded to assist a defeated candidate in meeting the expenses of his campaign by giving him a mortgage upon the federal treasury in the form of a certificate of election. Perhaps the coming Congress will discover that it is bad policy to pay these bills. To resolutely refuse them would be to put a healthy check upon the frauds which have become a part of the system of Congressional elections in the South.

GEN. HUSTED'S AMBITION.

Gen. Husted assigns as his principal reason for wishing the Speakership again a desire to "break the record." He has been Speaker five years, in 1874, '76, '78, '86 and '87. This is only equal to the service of DeWitt C. Littlejohn, who was Speaker in 1855, '57, '59, '60 and '61, and of Alexander Sheldon, who filled the office in 1804, '5, '6, '8 and '12. There have been very few approaches by others to this length of service. Evert Bancker alone shows a record of four years, while John Watts, Dirck TenBroeck, William North, Erastus Root and William Hitchman exhaust the list of those who were honored with a third election. Should Gen. Husted be elected at the coming session he will enter on his sixth year of service, and very effectually break the record. And as he is only 55 years old and sure of an election to membership until be gets tired or his district is gerrymandered out of existence, we may expect to see him fixing his eyes upon the gavel at the opening of each session until the close of the present century. He seems to have no other ambition than to be an Assemblyman and sit in the Speaker's chair. The people who know him best would like to see him in Congress and in the presiding office of the House of Representatives How he would awaken the sleepers there, and rattle up the dry bones in Washington. There would be work done during his term, and parliamentary tricks to prevent wholesome legislation would be at a discount.

Gen. Husted has already "broken the record" on membership in the Assembly. His recent election was the nineteenth. He began in 1869, and the only interregnums since were in 1881 and 1882. In the former year he ran for State Treasurer and was defeated; in the latter he was busy with private affairs in New York. Mr. Alvord served 15 years, Littlejohn 12, and Sheldon 11.

The candidates in addition to Husted are understood to be ex-Speaker Cole, Saxton of Wayne, and Batcheller of Saratoga. Whichever is elected, the duties will be performed with dignity and ability. The Speakership is an honor which ranks next to Governor, and is more to be desired than that of Lieutenant Governor, who is often in political antagonism with the body over which he presides. "May the best man win."

GEN. HARRISON'S PRIVATE SECRETARY.

As indicated by THE FREEMAN a fortnight ago, E. W. Halford, editor of the Indianapolis *Journal*, has been appointed by President-elect Harrison his Private Secretary. The newspapers of the country have indulged in a general speculation concerning the coming man for this position, but they have all been at fault, while some have insisted that Halford could not by any possibility be selected. Now that the place has been disposed of, renewed attention can be given to Cabinet making. We are pleased to observe the *Sun's* prediction that Thomas C. Platt is to be Secretary of the Treasury, that Warner Miller is to be left out in the cold, and that there is to be war to the knife among the Republicans of New York. About the only man in public life who has given no sign that he knows anything about the coming Cabinet is Benjamin Harrison of Indiana.

RUMSEY'S SPLENDID RUN.

Judge Rumsey is defeated for Justice of the Court of Appeals by only about 2,400 plurality. This is a remarkable result, when it is remembered that Gov. Hill's plurality was over 18,000, and that Lieut.-Gov Jones kept very close to Hill. If the Republicans of New York city had stood by Rumsey he would have been elected. They wanted a resident of their city on the Appeals bench, and thousands of them voted for Judge Gray It is also known that some of the Republican papers of New York published articles in favor of Gray as advertising matter, and that at some of the polling places no ballots for Rumsey were provided. Rumsey made, on the whole, a splendid canvass. As another Judge of the same court will be elected next year to succeed Danforth of Rochester, who then becomes disqualified by age, Rumsey is likely to be remembered. The local interest in the other candidate will not then weigh heavily against him, as the section of the state in which he and Danforth live will be plainly entitled to the succession.

PUBLIC OPINION.

The demand for high license in New York seems to be stimulated rather than depressed by the election of Governor Hill, and "our friend" will have to maintain his place in the regard of the saloon keepers by more vetoes. —*Providence Journal.*

The question as to the extension of the Presidential term to six years does not create as much of a sensation as the paper that put it expected. The people seem to think that four years are enough for a bad President, and that a good one can be re-elected if wanted. —*Brooklyn Standard-Union.*

There is no better way of dealing with the tramp nuisance, in cities, at any rate, than in setting them to work. Very likely it cannot be done profitably, but it is better to spend two dollars, if necessary, to get a dollar's worth of work out of a tramp, than to feed him and let him live without work.—*Springfield Union.*

For genuine adroitness observe a Prohibitionist manipulate the figures to prove that prohibition is really gaining ground and that the recent election was an apparent and not a real defeat. The Republican party can now view these little vagaries of the third party with undisturbed serenity.—*Rochester Democrat and Chronicle.*

When the flouring mills shut down in order to advance the price of flour, as they say they are going to, then let the people retaliate by shutting down upon flour as far as possible. There are 2,000,000,000 (two billion) bushels of corn in the crop of 1888. Try fine corn meal; you have no idea how toothsome and nourishing it is.—*Buffalo Times.*

Warner Miller certainly performed horoic service. He probably saved the state to Harrison, though at the sacrifice of himself. He broke the prohibition lines, which united might have increased their vote so materially as to have left Harrison in a minority, while by his action he brought against himself a heavy German Republican vote that remained true to the Presidential ticket.—*Albany Times, Dem.*

It is reported that Mr. Cleveland will live in Washington, or New-York, or Baltimore, or Buffalo, or St. Paul, or Minneapolis. We cannot speak for any other city but our own. But we would indulge in hyperbole sufficiently to remark that, while there may be flies on Mr. Cleveland, a close inspection would fail to discover any Buffalo dust on the soles of his feet.—*Buffalo Express.*

Some of the Democratic papers lay the blame of the defeat of the party at Mrs. Cleveland's door. They say that she persuaded him to break his pledge and run for a second term. Such a charge is worse than unkind. About the only thing that would have reconciled the American people to the re-election of Cleveland would have been the thought that it would have pleased his wife. *Troy Telegram.*

Before the election the Prohibitionists of Missouri actually held sweet converse together over the possibility of carrying the state. But their total vote was only 5,954. As it was there so it was everywhere else. The third party issued formidable manifestoes of encouragement to its supporters, but somehow in no place did the results begin to justify the forecasts. Never before since the third party movement began has it received so severe a blow as this year. The path of reform lies in another direction, and the wiser element of temperance people clearly comprehend the fact. High license is the thing.—*Troy Times.*

A FEW POINTERS.

The recent statistics of the number of deaths show that the large majority die with consumption. The disease may commence with an apparently harmless cough, which can be cured instantly by Kemp's Balsam for the throat and lungs, which is guaranteed to cure and relieve all cases. Price 50c. and $1. Trial size free. For sale by all druggists.

SHILOH'S CATARRH REMEDY—A positive cure for Catarrh, Diphtheria and Canker Mouth. Sold by Frederick J. R. Clark.

The Lady Godiva must have had exceptionally long hair since it completely concealed her lovely person. Since Ayer's Hair Vigor came into use such examples are not so rare as formerly. It not only promotes the growth of the hair, but gives it a rich, silken texture.

SPECIAL BUSINESS NOTICES.

Oh! ye who teach the ingenious youth of our great and growing nation, let them learn the noble art of self-defense, as Salvation Oil is the specific for hurts.

BRACE UP.

You are feeling depressed, your appetite is poor, you are bothered with headache, you are fidgety; nervous, and generally out of sorts, and want to brace up. Brace up, but not with stimulants, spring medicines, or bitters, which have for their basis very cheap, bad whisky, and which stimulate you for an hour, and then leave you in worse condition than before. What you want is an alterative that will purify your blood, start healthy action of liver and kidneys, restore your vitality, and give renewed health and strength. Such a medicine you will find in Electric Bitters, and only 50 cents a bottle at Van Deusen Brothers', Rondout, and F. J. R. Clarke's, Kingston, drug store.

WHY WILL YOU cough when Shiloh's Cure will give immediate relief. Price 10 cts., 50 cts. and $1. Sold by Frederick J. R. Clark.

RATTLESNAKES AS FOOD.

It was said of a strong political partisan that he would swallow rattlesnakes if party interests demanded it It is only men of this sort who, without protest, swallow the large, old-fashioned pills. Sensible people, requiring medicine to cleanse their systems, invariably use Dr. Pierce's Pleasant Pellets. They are unrivaled in all derangements of the liver, stomach and bowels.

ECZEMA, ITCHY, SCALY, SKIN TORTURES.

The simple application of "Swayne's Ointment," without any internal medicine, will cure any case of Tetter, Salt Rheum, Ringworm, Piles, Itch, Sores, Pimples, Eczema, all Scaly, Itchy Skin Eruptions, no matter how obstinate or long standing. It is potent, effective, and costs but a trifle.

The breath of a chronic catarrh patient is often so offensive that he cannot go into society and he becomes an object of disgust. After a time ulceration sets in, the spongy bones are attacked, and frequently, entirely destroyed. A constant source of discomfort is the dripping of the purulent secretions into the throat, sometimes producing inveterate bronchitis, which in its turn has been the exciting cause of pulmonary disease. The brilliant results which have attended its use for years past properly designate Ely's Cream Balm as by far the best, if not the only real cure for hay fever, rose cold and catarrh.

DR. DAVID KENNEDY,

Discoverer and Proprietor of Cherry Balsam, is not in a position to risk his reputation upon the success or failure of any preparation as to whose merits a single doubt exists in his own mind, and in recommending the Cherry Balsam for Coughs, Colds, Asthma, Bronchitis, and all bronchial pulmonary affections, he does so with the greatest confidence, having had the most gratifying results follow the use of Cherry Balsam, which he has prescribed for a long time in his private practice. The value of this preparation cannot be overestimated, and even were Dr. Kennedy's own assurance incredible the testimony of the hosts who have used it cannot be impeached. Cherry Balsam will prove effective in many cases of Incipient Consumption; also in Bronchitis and Asthma, where other preparations have not even afforded relief.

It is prompt in its effects, and is therefore a most reliable medicine to use in all complaints such as Croup, Whooping Cough and Hoarseness. A careful trial of Cherry Balsam will prove its superiority over similar preparations.

Weather Indications.

WASHINGTON, Nov. 22.—*Indications for Friday: Fair, northeasterly winds.*

FRAUDS THAT CANNOT WIN.

If the *Tribune's* Washington correspondent is correctly informed, the Democratic scheme of stealing the next House has not been abandoned, but is still being industriously prosecuted. All the frauds are to be consummated in the South, where the Democrats hold entire control of the election machinery. Eighteen Republicans have been elected in the Southern states, but only four of these are to be counted in and given certificates of election. The Democrats will take three of the West Virginia Representatives, one in Florida, two in Arkansas, one in Louisiana, one in North Carolina, one in South Carolina, one in Kentucky, one in Tennessee, one in Maryland, and every seat in Virginia to which a Republican was elected.

There is no way to prevent these proceedings, for the South is the master of its own count. The Governors of the several states in which the defeated members are counted in will give them certificates of election and send them to Washington. The Clerk of the House will put their names on the roll, and they will go through the farce of organizing the House unless the Republican members object. If violence should result, the Republican executive would have the right to interfere. But this is not likely to happen. The Democrats of the South will find that in counting on the connivance or acquiescense of honorable Democratic Representatives from the North, like Randall, Cox, McAdoo, Buckalew, Holman, O'Neil, Seney and others, who believe in honest elections, they have made a mistake. There will be delay, confusion and public disturbance, but eventually the Republicans will secure their rightful majority. This is what the country expects. There is not an intelligent Democrat who believes the plot can succeed; there is not an honest one who wishes his party to bear the new dishonor of seizing unlawfully one branch of Congress.

The men who take their fraudulent certificates to Washington will undoubtedly go prepared to lose their seats. Congress has been very kind toward unsuccessful parties in contests between claimants, voting them invariably the full expense of conducting their cases and a liberal sum besides as a salve to their disappointments. Such an allowance, rather than a successful result, is what many are looking for. As long as Congress continues this indulgence there will be a strong temptation to commit fraud, and a Democratic Governor of a Southern state can generally be persuaded to assist a defeated candidate in meeting the expenses of his campaign by giving him a mortgage upon the federal treasury in the form of a certificate of election. Perhaps the coming Congress will discover that it is bad policy to pay these bills. To resolutely refuse them would be to put a healthy check upon the frauds which have become a part of the system of Congressional elections in the South.

GEN. HUSTED'S AMBITION.

Gen. Husted assigns as his principal reason for wishing the Speakership again a desire to "break the record." He has been Speaker five years, in 1874, '76, '78, '86 and '87. This is only equal to the service of DeWitt C. Littlejohn, who was Speaker in 1855, '57, '59, '60 and '61, and of Alexander Sheldon, who filled the office in 1804, '5, '6, '8 and '12. There have been very few approaches by others to this length of service. Evert Bancker alone shows a record of four years, while John Watts, Dirck TenBroeck, William North, Erastus Root and William Hitchman exhaust the list of those who were honored with a third election. Should Gen. Husted be elected at the coming session he will enter on his sixth year of service, and very effectually break the record. And as he is only 55 years old and sure of an election to membership until he gets tired or his district is gerrymandered out of existence, we may expect to see him fixing his eyes upon the gavel at the opening of each session until the close of the present century. He seems to have no other ambition than to be an Assemblyman and sit in the Speaker's chair. The people who know him best would like to see him in Congress and in the presiding office of the House of Representatives How he would awaken the sleepers there, and rattle up the dry bones in Washington. There would be work done during his term, and parliamentary tricks to prevent wholesome legislation would be at a discount.

Gen. Husted has already "broken the record" on membership in the Assembly. His recent election was the nineteenth. He began in 1869, and the only interregnums since were in 1881 and 1882. In the former year he ran for State Treasurer and was defeated; in the latter he was busy with private affairs in New York. Mr. Alvord served 15 years, Littlejohn 12, and Sheldon 11.

The candidates in addition to Husted are understood to be ex-Speaker Cole, Saxton of Wayne, and Batcheller of Saratoga. Whichever is elected, the duties will be performed with dignity and ability. The Speakership is an honor which ranks next to Governor, and is more to be desired than that of Lieutenant Governor, who is often in political antagonism with the body over which he presides. "May the best man win."

GEN. HARRISON'S PRIVATE SECRETARY.

As indicated by THE FREEMAN a fortnight ago, E. W. Halford, editor of the Indianapolis *Journal*, has been appointed by President-elect Harrison his Private Secretary. The newspapers of the country have indulged in a general speculation concerning the coming man for this position, but they have all been at fault, while some have insisted that Halford could not by any possibility be selected. Now that the place has been disposed of, renewed attention can be given to Cabinet making. We are pleased to observe the *Sun's* prediction that Thomas C. Platt is to be Secretary of the Treasury, that Warner Miller is to be left out in the cold, and that there is to be war to the knife among the Republicans of New York. About the only man in public life who has given no sign that he knows anything about the coming Cabinet is Benjamin Harrison of Indiana.

RUMSEY'S SPLENDID RUN.

Judge Rumsey is defeated for Justice of the Court of Appeals by only about 2,400 plurality. This is a remarkable result, when it is remembered that Gov. Hill's plurality was over 18,000, and that Lieut.-Gov Jones kept very close to Hill. If the Republicans of New York city had stood by Rumsey he would have been elected. They wanted a resident of their city on the Appeals bench, and thousands of them voted for Judge Gray It is also known that some of the Republican papers of New York published articles in favor of Gray as advertising matter, and that at some of the polling places no ballots for Rumsey were provided. Rumsey made, on the whole, a splendid canvass. As another Judge of the same court will be elected next year to succeed Danforth of Rochester, who then becomes disqualified by age, Rumsey is likely to be remembered. The local interest in the other candidate will not then weigh heavily against him, as the section of the state in which he and Danforth live will be plainly entitled to the succession.

PUBLIC OPINION.

The demand for high license in New York seems to be stimulated rather than depressed by the election of Governor Hill, and "our friend" will have to maintain his place in the regard of the saloon keepers by more vetoes. —*Providence Journal.*

The question as to the extension of the Presidential term to six years does not create as much of a sensation as the paper that put it expected. The people seem to think that four years are enough for a bad President, and that a good one can be re-elected if wanted. —*Brooklyn Standard-Union.*

There is no better way of dealing with the tramp nuisance, in cities, at any rate, than in setting them to work. Very likely it cannot be done profitably, but it is better to spend two dollars, if necessary, to get a dollar's worth of work out of a tramp, than to feed him and let him live without work.—*Springfield Union.*

For genuine adroitness observe a Prohibitionist manipulate the figures to prove that prohibition is really gaining ground and that the recent election was an apparent and not a real defeat. The Republican party can now view these little vagaries of the third party with undisturbed serenity.—*Rochester Democrat and Chronicle.*

When the flouring mills shut down in order to advance the price of flour, as they say they are going to, then let the people retaliate by shutting down upon flour as far as possible. There are 2,000,000,000 (two billion) bushels of corn in the crop of 1888. Try fine corn meal; you have no idea how toothsome and nourishing it is.—*Buffalo Times.*

Warner Miller certainly performed heroic service. He probably saved the state to Harrison, though at the sacrifice of himself. He broke the prohibition lines, which united might have increased their vote so materially as to have left Harrison in a minority, while by his action he brought against himself a heavy German Republican vote that remained true to the Presidential ticket.—*Albany Times, Dem.*

It is reported that Mr. Cleveland will live in Washington, or New-York, or Baltimore, or Buffalo, or St. Paul, or Minneapolis. We cannot speak for any other city but our own. But we would indulge in hyperbole sufficiently to remark that, while there may be flies on Mr. Cleveland, a close inspection would fail to discover any Buffalo dust on the soles of his feet.—*Buffalo Express.*

Some of the Democratic papers lay the blame of the defeat of the party at Mrs. Cleveland's door. They say that she persuaded him to break his pledge and run for a second term. Such a charge is worse than unkind. About the only thing that would have reconciled the American people to the re-election of Cleveland would have been the thought that it would have pleased his wife. *Troy Telegram.*

Before the election the Prohibitionists of Missouri actually held sweet converse together over the possibility of carrying the state. But their total vote was only 5,954. As it was there so it was everywhere else. The third party issued formidable manifestoes of encouragement to its supporters, but somehow in no place did the results begin to justify the forecasts. Never before since the third party movement began has it received so severe a blow as this year. The path of reform lies in another direction, and the wiser element of temperance people clearly comprehend the fact. High license is the thing.—*Troy Times.*

Rain—crowded street car—handsome lady and gentleman on platform. Gentleman [to those inside] —"Can you squeeze a lady in there?" Chorus of male voices—"Yes, certainly." Lady goes in—gets squeezed.—S. C. Daily. Mr. W. C. Schultz, Columbia, S. S., was squeezed, tortured and depleted in health by dyspepsia. "I've gained 15 pounds of solid flesh by using Tutt's Pills," he says. These pills and good health are twins. They go hand in hand.

RHEUMATISM

Is undoubtedly caused by lactic acid in the blood. This acid attacks the fibrous tissues, and causes the pains and aches in the back, shoulders, knees, ankles, hips and wrist. Thousands of people have found in Hood's Sarsaparilla a positive cure for rheumatism. This medicine, by its purifying action, neutralizes the acidity of the blood, and also builds up and strengthens the whole body.

A NASAL INJECTOR free with each bottle of Shiloh's Catarrh Remedy. Price 50 cents. Sold by Frederick J. R. Clark.

"A WORD TO THE WISE IS SUFFICIENT."

Catarrh is not simply an inconvenience, unpleasant to the sufferer and disgusting to others—it is an advanced outpost of approaching disease of worse type. Do not neglect its warning; it brings deadly evils in its train. Before it is too late, use Dr. Sage's Catarrh Remedy. It reaches the seat of the ailment, and is the only thing that will. You may dose yourself with quack medicines 'till it is too late—'till the streamlet becomes a resistless torrent. It is the matured invention of a scientific physician. "A word to the wise is sufficient."

UNABLE TO TELL

Yes, that was so. For years I suffered severely with scrofula; sores broke out all over my body, and I am unable to tell one-half that I suffered. I was not able to obtain relief until I used Sulphur Bitters, which completely cured me.—C. B. Dale, 17 Allston-street, Boston.

A FEW POINTERS.

The recent statistics of the number of deaths show that the large majority die with consumption. The disease may commence with an apparently harmless cough, which can be cured instantly by Kemp's Balsam for the throat and lungs, which is guaranteed to cure and relieve all cases. Price 50c. and $1. Trial size free. For sale by all druggists.

Brace up, but not with stimulants, spring medicines, or bitters, which have for their basis very cheap, bad whisky, and which stimulate you for an hour, and then leave you in worse condition than before. What you want is an alterative that will purify your blood, start healthy action of liver and kidneys, restore your vitality, and give renewed health and strength. Such a medicine you will find in Electric Bitters, and only 50 cents a bottle at Van Deusen Brothers', Rondout, and F. J. R. Clarke's, Kingston, drug store.

RATTLESNAKES AS FOOD.

It was said of a strong political partisan that he would swallow rattlesnakes if party interests demanded it. It is only men of this sort who, without protest, swallow the large, old-fashioned pills. Sensible people, requiring medicine to cleanse their systems, invariably use Dr. Pierce's Pleasant Pellets. They are unrivaled in all derangements of the liver, stomach and bowels.

ECZEMA, ITCHY, SCALY, SKIN TORTURES.

The simple application of "Swayne's Ointment," without any internal medicine, will cure any case of Tetter, Salt Rheum, Ringworm, Piles, Itch, Sores, Pimples, Eczema, all Scaly, Itchy Skin Eruptions, no matter how obstinate or long standing. It is potent, effective, and costs but a trifle.

The breath of a chronic catarrh patient is often so offensive that he cannot go into society and he becomes an object of disgust. After a time ulceration sets in, the spongy bones are attacked, and frequently, entirely destroyed. A constant source of discomfort is the dripping of the purulent secretions into the throat, sometimes producing inveterate bronchitis, which in its turn has been the exciting cause of pulmonary disease. The brilliant results which have attended its use for years past properly designate Ely's Cream Balm as by far the best, if not the only real cure for hay fever, rose cold and catarrh.

DR. DAVID KENNEDY,

Discoverer and Proprietor of Cherry Balsam, is not in a position to risk his reputation upon the success or failure of any preparation as to whose merits a single doubt exists in his own mind, and in recommending the Cherry Balsam for Coughs, Colds, Asthma, Bronchitis, and all bronchial pulmonary affections, he does so with the greatest confidence, having had the most gratifying results follow the use of Cherry Balsam, which he has prescribed for a long time in his private practice. The value of this preparation cannot be overestimated, and even were Dr. Kennedy's own assurance incredible the testimony of the hosts who have used it cannot be impeached. Cherry Balsam will prove effective in many cases of Incipient Consumption; also in Bronchitis and Asthma, where other preparations have not even afforded relief.

It is prompt in its effects, and is therefore a most reliable medicine to use in all complaints such as Croup, Whooping Cough and Hoarseness. A careful trial of Cherry Balsam will prove its superiority over similar preparations.

High-Pressure

Living characterizes these modern days. The result is a fearful increase of Brain and Heart Disease—General Debility, Insomnia, Paralysis and Insanity. Chloral and Morphia augment the evil. The medicine best adapted to do permanent good is Ayer's Sarsaparilla. It purifies, enriches and vitalizes the blood and thus strengthens every function and faculty of the body.

"I have used Ayer's Sarsaparilla in my family for years. I have found it invaluable as

A Cure

for Nervous Debility caused by an inactive liver and a low state of the blood."—Henry Bacon, Xenia, Ohio.

"For some time I have been troubled with heart disease. I never found anything to help me until I began using Ayer's Sarsaparilla. have only used this medicine six months, but it has relieved me from my trouble and enabled me to resume work."—J. P. Carzanett, Perry, Ill.

"I have been a practicing physician for over half a century, and during that time I have never found so powerful and reliable an alterative and blood purifier as Ayer's Sarsaparilla."—Dr. M. Maxstart, Louisville, Ky

★ Dr. David Kennedy's ★
CHERRY BALSAM.

For the cure of coughs, colds, sore throat, diphtheria, diseased lungs, asthma, bronchitis, whooping cough, etc., and all acute affections of the air passages, the chest, the pleura and the lungs. It contains no deleterious drug and can be safely administered to the most debilitated adult or the most delicate child. It strikes at the very root of pulmonary disease. Never conclude that a fresh cough "Will get well of itself in a few days." It may do so and on the other hand, by neglecting it, one may lay the foundation of some incurable pulmonary or throat trouble. Dr. David Kennedy's Cherry Balsam will relieve the cough almost immediately and prevent its becoming seated. Those whose business obliges them to travel and who labor more or less under chronic, consumptive or bronchial coughs should not fail to carry with them a bottle of Dr. David Kennedy's Cherry Balsam, taking it occasionally in small doses as they may feel the need. The cough will abate almost on the instant and the breathing and expectoration become more easy and free. It soothes any sense of irritation that may exist, subdues inflammation or soreness in the lungs throat and air passages, and prevents attacks which are always embarrassing and may prove serious during an absence rom home. No other preparation offered to the public possesses anything like the power of this one over these common and dangerous complaints. To all right feeling persons it is a privilege as well as a duty to provide for the comfort of the aged parents or other relatives who live with and depend upon them. A valuable help in this direction is Dr. David Kennedy's Cherry Balsam, which is more perfectly adapted than anything else to quiet and cure the winter cough to which so many old people are subject. Whether the cough arises from some chronic trouble or from mere feebleness and lack of vitality this gentle and safe medicine is equally effective.

EXPECTORANT

Acknowledged by all who have used it to be the most wonderful cure in the world for Coughs and Colds.

Is warranted to cure any ordinary cough or cold or your money is returned. A pleasant, swift and sure cure for Coughs and Colds.

If taken as soon as you feel that irritation or dryness of the throat, occasioned by a cold, four to six doses will cure.

It won't cure a horrible sore throat in one night, nor in fact will it cure anything in that space of time. It takes at least a day or so to cure a cold, but

IT GETS THERE ALL THE SAME.

It stops your cough almost at once, but should you stop taking it after two or three doses probably your cough would return. One thing you can always be sure of: Long before you have emptied the bottle you will be "all O. K."

As a trial of this truly wonderful medicine costs nothing, and as 95 cases out of every 100 will be cured it is well worth your while to at least make the trial.

Views of Men Who Make Public Opinion, In Offices Dingy and Otherwise, Which Furnish Food for Thought And, Perhaps, Amusement.

Selections, it is true, sometimes omit things we would have greatly liked, but who will pretend to say that he always finds everything that would have pleased or profited him even when he makes his own choice?—*C. F. Richardson.*

What is news? Opinions differ. Here is what a number of exchanges of THE FREEMAN print:

What One Man Did.

[From the Fishkill Standard.]

Hugh McKeevers, a quarryman at Verplanck's Point, celebrated Harrison's election by exploding dynamite cartridges at a safe distance from his house. When it began to rain hard he entered his house, having one of them in his possession. He touched the fuse to the fire in his pipe and attempted to throw it out of the door, but it struck against the woodwork and fell into the room. McKeevers ran into an adjoining room, where his two children, aged three and 11 years, were sleeping, and threw himself on the bed and covered himself up. When the cartridge exploded it tore out the front and rear of the house, demolished the doors and windows, and badly wrecked the furniture. The bed on which McKeevers and his two children lay, was blown through the side of the house, but none of them were seriously hurt. The house was completely wrecked.

The Advanced Woman.

She went around and asked subscriptions
For the heathen black Egyptians
And the Terra del Fuegian's
She did;
For the tribes around Athabasca,
And the men of Madagascar,
And the poor souls of Alaska,
She did;
She longed, she said, to buy
J lly cake and jam and pie
For the Anthropophagi,
So she did.

How she loved the cold Norwegian,
And the poor, half-melted Feejian,
And the dear Molucca Islander,
She did;
She sent tins of red tomato
To the tribes beyond the equator,
But her husband ate potato,
So he did;

The poor, helpless, homeless thing,
[My voice falters as I sing]
Tied his clothes up with a string,
Yes, he did.

A Reckless Course.

[From the Hudson Republican.]

The Health Officer of Coxsackie writes the State Board of Health under date of Saturday to say that the body of Helen O'Connor, aged 9, who died of diphtheria at Guilderland, was brought to that village in an open wagon November 10, not disinfected, and buried there. The coffin was opened at the grave and viewed by the members of the family. Since then of those who viewed the body, an aunt died on the 11th, a brother, aged 4, on the 14th. The State Board notified the Health Officer that he must quarantine any persons affected with the disease.

A Drover's Costly Shot.

[From the Middletown Argus.]

Samuel Decker, an Orange County drover, while buying cows in the vicinity of Beaver Brook, thought it would be a good thing to provide himself with a gun, with which to kill any partridges which he might chance to see while on his travels. He accordingly armed himself, and, when he saw a flock of birds, fired at them, but his horse, unused to such proceedings, took fright and ran away, throwing Mr. Decker out, and before it was stopped it ran two miles, wrecking the wagon badly. Mr. Decker has figured up the cost of the one partridge which he secured, and is now satisfied that it is much cheaper to buy birds than to shoot them from a wagon.

Must the Hat "Go?"

[From the Coxsackie News.]

The man in pursuit of health, if he has carefully followed all the medical advice offered him from professional quarters, has given up meat, vegetables, milk, tea, coffee, fruit, tobacco, and most of his clothes. Now comes the cheerful news that hats, by reason of their hard margins, "exercise a constricting influence round the head," and compress the blood vessels of the scalp, with results of the direst character. Of a truth, man is much afflicted! The hat must go.

The Mills Bill.

[From the Port-Jervis Gazette.]

An Irish gentleman who promenades the Erie track, up the road, for both pleasure and pay, when informed by a friend, last week, that Cleveland had been beaten, naturally asked what caused his defeat. Among other things the friend named the Mills' bill. "Faith," said Patrick, "Oi've heard a good deal about this Mills bill. Why don't the government look it over and, if it's all right, pay the bill and be done with it?"

"Poveri! Poveris!"

"Feed My Sheep."

Come, let us ponder; it is fit—
Born of the poor, born to the poor.
The poor of purse, the poor of wit,
Were first to find God's open door—
Were first to climb the ladder, round by round,
That fell from heaven's door unto the ground.

God's poor came first, the very first!
God's poor were first to see, to hear,
To feel the light of heaven burst
Full on their faces. Far or near,
His poor were first to follow, first to fall!
What if at last his poor stand first of all?

Advice to Prohibitionists.

[From the Tarrytown Argus.]

The organ of the Prohibitionists puts forth the following lucid scream:

Don't keep striking the Republican party, say some of our good friends. We will. Before the nation we call upon God to sweep it away with the besom of his destruction.—*The Voice.*

Yes, yes, bold man, but the thing you got hold of did not besom good at this election, now, did it? It seemed to besom mostly at your end. Take the advice of a friend and do not go fooling around that particular besom any more.

Concerning an Alleged Jumper.

[From the Poughkeepsie News-Press.]

"The preponderance of the evidence," remarks THE KINGSTON FREEMAN, "appears to be that Brodie did not make as high a jump from the Poughkeepsie Bridge as he claims he did." The "preponderance of evidence" is that Brodie is a fool and a liar. He did not jump from the top of the bridge, because had he done so he would not now be alive to make the dunces in the Bowery stare and wonder.

An Alleged Swindler.

[From the Peekskill Democrat.]

The Sandy Hill Life Insurance Company was recently swindled out of $5,000. By false representations of an agent, physician and relatives a policy was issued on the life of Thomas Barrington, of Kingston, who died three months after of consumption, and the money was paid over to the widow, who divided with her accomplices.

Man and Broncho Race.

[From the Highland Democrat.]

There was an exciting race on Main-street, on Wednesday evening. The contestants were George Chase's broncho and John Soller, assistant in Charles Goethe's shop. The broncho was to trot 150 yards while the man ran 100 yards. The stakes were five dollars, and Soller won.

In November.

Poor naked wretches, whoso'er you are,
That bide the pelting of this pitiless storm,
How shall your houseless heads and unfed sides,
Your loop'd and window'd raggedness, defend you
From seasons such as these?

DOINGS IN DELAWARE COUNTY.

Concerning a Farmers' Club—A New Iron Bridge at Delhi.

Fair Delaware!—*Franks.*

The Walton Farmers' Club is likely to go to pieces for lack of interest.

Potatoes are being sold for 35 cents per bushel at Stamford and Grand Gorge.

The buckwheat crop in Delaware County is larger than was expected six weeks ago.

[From the Delhi Republican.]

The new iron bridge has arrived, is being drawn on the ground, and will be put up in a day or so if the weather permits. The new pier is of the same solid and substantial workmanship as those at Sherwood's bridge, and a wing wall and greater width of channel will, it is believed, prevent the undermining and damage by flood, which occurred last spring, and has rendered necessary this more adequate and substantial improvement, which will speak for itself very soon.

SPECIAL BUSINESS NOTICES.

Two charming little girls were dancing "the racket" in the streets. "What makes you so happy?" a gentleman asked. "Oh! our ma's have thrown away all our horrid medicine, and we have only to take Dr. Bull's Cough Syrup, and that ain't bad at all."

THEIR BUSINESS BOOMING.

Probably no one thing has caused such a general revival of trade at VanBeusen Bros., Rondout, and F. J. R. Clarke's, Kingston, Drug Stores, as their giving away to their customers of so many free trial bottles of Dr. King's New Discovery for Consumption. Their trade is simply enormous in this very valuable article from the fact that it always cures and never disappoints. Coughs, Colds, Asthma, Bronchitis, Croup, and all throat and lung diseases quickly cured. You can test it before buying by getting a trial bottle free, large size $1. Every bottle warranted.

DR. HOXSIE'S CERTAIN CROUP CURE

Promptly administered, will cure any and every form of throat and lung trouble. Prevents pneumonia and consumption. 50 cents.

WILL YOU SUFFER with Dyspepsia and Liver Complaint? Shiloh's Vitalizer is guaranteed to cure you. For sale by F. J. R. Clarke, Kingston.

Dr. A. C. Henderson, of Brooklyn, N. Y., writes: "I find Pusteur's Barley Tonic invaluable as a blood regulator and strength-giving tonic, and as a cure for summer complaints."

Do you suffer with catarrh? You can be cured if you take Hood's Sarsaparilla, the great blood purifier. Sold by all druggists.

MARRY YOUR SONS WHEN YOU WILL, YOUR DAUGHTERS WHEN YOU CAN,

But in either case counsel them to use nothing but Hop Ointment for chapped hands and lips, sore nose, cold cracks and rough, pimply skin. Never fails. All druggists, 25 and 50 cents, or mail stamps to Hop Co., New-London, Conn.

Boils, carbuncles and other skin eruptions indicate that the system is endeavoring to reject poisonous acids, and that Ayer's Sarsaparilla is imperatively needed. It is the most reliable of all blood medicines. Ask your druggist for it, and take no other.

A DRUGGIST SAYS.

Marvin C. Brown, Druggist, Meredith Village, N. H., says: I have sold your Sulphur Bitters for years, and, contrary to most medicines, I never sold a bottle to any one who said it did not help them. They cured me of those terrible sick headaches when every other remedy failed.

STYLE.

The most fashionable color, at present, is the hue of health, and it will never go out of style. Its shades and tints are various, but all of them are exceedingly becoming. It is perfectly astonishing what a change is being daily wrought by Dr. Pierce's Favorite Prescription in the looks of sickly women. Sufferers from any sort of "female weakness" or irregularity, backache or nervous prostration should give it trial. All druggists.

ONE OF MANY.

VICTOR, N. Y., Feb. 1, 1887.

Mr. O. F. Woodward: Dear Sir: Send me one-half gross Kemp's Balsam, 50c. size, and a few samples. I certainly know that Kemp's Balsam is the best selling cough cure. I have fifteen other cough and lung remedies on my shelves, and Kemp's Balsam sells 10 to 1 best of all. Respectfully yours,

F. E. COBB.

Sold by all druggists at 50c. and $1. Sample bottle free.

PILES! PILES! ITCHING PILES.

Symptoms—Moisture; intense itching and stinging; most at night; worse by scratching. If allowed to continue tumors form, which often bleed and ulcerate, becoming very sore. Swayne's Ointment stops the itching and bleeding, heals ulceration, and in most cases removes the tumors. At druggists, or by mail, for 50 cent. Dr. Swayne & Son, Philadelphia.

THE REV. GEO. H. THAYER, of Bourbon, Ind. says: "Both myself and wife owe our lives to SHILOH'S CONSUMPTION CURE." Sold by Frederick J. R. Clark.

SICK WIVES AND DAUGHTERS.

You have often seen them with pale faces, poor appetite, head and back ache, symptoms common to the sex. Fathers and mothers lose no time in securing Dr. David Kennedy's Favorite Remedy, of Rondout, N. Y.

It will cost only one dollar and is much cheaper than sickness.

If your druggist does not keep the medicine, address the proprietor, Rondout, N. Y.

Will be found an excellent remedy for sick headache. Carter's Little Liver Pills. Thousands of letters from people who have used them prove this fact. Try them.

ARE YOU MADE miserable by indigestion, Constipation, Dizziness, Loss of Appetite, Yellow Skin? Shiloh's Vitalizer is a positive cure. Sold by Frederick J. R. Clark.

Hood's Sarsaparilla is a purely vegetable preparation, being free from injurious ingredients. It is peculiar in its curative power.

High-Pressure

Living characterizes these modern days. The result is a fearful increase of Brain and Heart Disease—General Debility, Insomnia, Paralysis and Insanity. Chloral and Morphia augment the evil. The medicine best adapted to do permanent good is Ayer's Sarsaparilla. It purifies, enriches and vitalizes the blood and thus strengthens every function and faculty of the body.

"I have used Ayer's Sarsaparilla in my family for years. I have found it invaluable as

A Cure

for Nervous Debility caused by an inactive liver and a low state of the blood."—Henry Bacon, Xenia, Ohio.

"For some time I have been troubled with heart disease. I never found anything to help me until I began using Ayer's Sarsaparilla. have only used this medicine six months, but it has relieved me from my trouble and enabled me to resume work."—J. P. Carzanett, Perry, Ill.

"I have been a practicing physician for over half a century, and during that time I have never found so powerful and reliable an alterative and blood purifier as Ayer's Sarsaparilla."—Dr. M. Maxstart, Louisville, Ky

Ayer's Sarsaparilla,

PREPARED BY

★ Dr. David Kennedy's ★
CHERRY BALSAM.

For the cure of coughs, colds, sore throat, diphtheria, diseased lungs, asthma, bronchitis, whooping cough, etc., and all acute affections of the air passages, the chest, the pleura and the lungs. It contains no deleterious drug and can be safely administered to the most debilitated adult or the most delicate child. It strikes at the very root of pulmonary disease. Never conclude that a fresh cough "Will get well of itself in a few days." It may do so and on the other hand, by neglecting it, one may lay the foundation of some incurable pulmonary or throat trouble. Dr. David Kennedy's Cherry Balsam will relieve the cough almost immediately and prevent its becoming seated. Those whose business obliges them to travel and who labor more or less under chronic, consumptive or bronchial coughs should not fail to carry with them a bottle of Dr. David Kennedy's Cherry Balsam, taking it occasionally in small doses as they may feel the need. The cough will abate almost on the instant and the breathing and expectoration become more easy and free. It soothes any sense of irritation that may exist, subdues inflammation or soreness in the lungs throat and air passages, and prevents attacks which are always embarrassing and may prove serious during an absence rom home. No other preparation offered to the public possesses anything like the power of this one over these common and dangerous complaints. To all right feeling persons it is a privilege as well as a duty to provide for the comfort of the aged parents or other relatives who live with and depend upon them. A valuable help in this direction is Dr. David Kennedy's Cherry Balsam, which is more perfectly adapted than anything else to quiet and cure the winter cough to which so many old people are subject. Whether the cough arises from some chronic trouble or from mere feebleness and lack of vitality this gentle and safe medicine is equally effective.

RIKER'S
EXPECTORANT

Acknowledged by all who have used it to be the most wonderful cure in the world for Coughs and Colds.

Is warranted to cure any ordinary cough or cold or your money is returned. A pleasant, swift and sure cure for Coughs and Colds.

If taken as soon as you feel that irritation or dryness of the throat, occasioned by a cold, four to six doses will cure.

It won't cure a horrible sore throat in one night, nor in fact will it cure anything in that space of time. It takes at least a day or so to cure a cold, but

IT GETS THERE ALL THE SAME.

It stops your cough almost at once, but should you stop taking it after two or three doses probably your cough would return. One thing you can always be sure of: Long before you have emptied the bottle you will be "all O. K."

As a trial of this truly wonderful medicine costs nothing, and as 95 cases out of every 100 will be cured it is well worth your while to at least make the trial.

Price per bottle containing half a pint (enough to cure eight people if taken in time),

60 CENTS.

Views of Men Who Make Public Opinion, In Offices Dingy and Otherwise, Which Furnish Food for Thought And, Perhaps, Amusement.

Selections, it is true, sometimes omit things we would have greatly liked, but who will pretend to say that he always finds everything that would have pleased or profited him even when he makes his own choice?—*C. F. Richardson.*

What is news? Opinions differ. Here is what a number of exchanges of THE FREEMAN print:

What One Man Did.

[From the Fishkill Standard.]

Hugh McKeevers, a quarryman at Verplanck's Point, celebrated Harrison's election by exploding dynamite cartridges at a safe distance from his house. When it began to rain hard he entered his house, having one of them in his possession. He touched the fuse to the fire in his pipe and attempted to throw it out of the door, but it struck against the woodwork and fell into the room. McKeevers ran into an adjoining room, where his two children, aged three and 11 years, were sleeping, and threw himself on the bed and covered himself up. When the cartridge exploded it tore out the front and rear of the house, demolished the doors and windows, and badly wrecked the furniture. The bed on which McKeevers and his two children lay, was blown through the side of the house, but none of them were seriously hurt. The house was completely wrecked.

The Advanced Woman.

She went around and asked subscriptions
For the heathen black Egyptians
And the Terra del Fuegian's
She did;
For the tribes around Athabasca,
And the men of Madagascar.
And the poor souls of Alaska,
She did;
She longed, she said, to buy
J lly cake and jam and pie
For the Anthropophagi,
So she did.

How she loved the cold Norwegian,
And the poor, half-melted Feejian,
And the dear Molucca Islander,
She did;
She sent tins of red tomato
To the tribes beyond the equator,
But her husband ate potato,
So he did;

The poor, helpless, homeless thing,
[My voice falters as I sing]
Tied his clothes up with a string,
Yes, he did.

A Reckless Course.

[From the Hudson Republican.]

The Health Officer of Coxsackie writes the State Board of Health under date of Saturday to say that the body of Helen O'Connor, aged 9, who died of diphtheria at Guilderland, was brought to that village in an open wagon November 10, not disinfected, and buried there. The coffin was opened at the grave and viewed by the members of the family. Since then of those who viewed the body, an aunt died on the 11th, a brother, aged 4, on the 14th. The State Board notified the Health Officer that he must quarantine any persons affected with the disease.

A Drover's Costly Shot.

[From the Middletown Argus.]

Samuel Decker, an Orange County drover, while buying cows in the vicinity of Beaver Brook, thought it would be a good thing to provide himself with a gun, with which to kill any partridges which he might chance to see while on his travels. He accordingly armed himself, and, when he saw a flock of birds, fired at them, but his horse, unused to such proceedings, took fright and ran away, throwing Mr. Decker out, and before it was stopped it ran two miles, wrecking the wagon badly. Mr. Decker has figured up the cost of the one partridge which he secured, and is now satisfied that it is much cheaper to buy birds than to shoot them from a wagon.

Must the Hat "Go?"

[From the Coxsackie News.]

The man in pursuit of health, if he has carefully followed all the medical advice offered him from professional quarters, has given up meat, vegetables, milk, tea, coffee, fruit, tobacco, and most of his clothes. Now comes the cheerful news that hats, by reason of their hard margins, "exercise a constricting influence round the head," and compress the blood vessels of the scalp, with results of the direst character. Of a truth, man is much afflicted! The hat must go.

The Mills Bill.

[From the Port-Jervis Gazette.]

An Irish gentleman who promenades the Erie track, up the road, for both pleasure and pay, when informed by a friend, last week, that Cleveland had been beaten, naturally asked what caused his defeat. Among other things the friend named the Mills' bill. "Faith," said Patrick, "Oi've heard a good deal about this Mills bill. Why don't the government look it over and, if it's all right, pay the bill and be done with it?"

"Poveri! Poveris!"
"Feed My Sheep."

Come, let us ponder; it is fit—
Born of the poor, born to the poor.
The poor of purse, the poor of wit,
Were first to find God's open door—
Were first to climb the ladder, round by round,
That fell from heaven's door unto the ground.
God's poor came first, the very first!
God's poor were first to see, to hear,
To feel the light of heaven burst
Full on their faces. Far or near,
His poor were first to follow, first to fall!
What if at last his poor stand first of all?

Advice to Prohibitionists.

[From the Tarrytown Argus.]

The organ of the Prohibitionists puts forth the following lucid scream:

Don't keep striking the Republican party, say some of our good friends. We will. Before the nation we call upon God to sweep it away with the besom of his destruction.—*The Voice.*

Yes, yes, bold man, but the thing you got hold of did not besom good at this election, now, did it? It seemed to besom mostly at your end. Take the advice of a friend and do not go fooling around that particular besom any more.

Concerning an Alleged Jumper.

[From the Poughkeepsie News-Press.]

"The preponderance of the evidence," remarks THE KINGSTON FREEMAN, "appears to be that Brodie did not make as high a jump from the Poughkeepsie Bridge as he claims he did." The "preponderance of evidence" is that Brodie is a fool and a liar. He did not jump from the top of the bridge, because had he done so he would not now be alive to make the dunces in the Bowery stare and wonder.

An Alleged Swindler.

[From the Peekskill Democrat.]

The Sandy Hill Life Insurance Company was recently swindled out of $5,000. By false representations of an agent, physician and relatives a policy was issued on the life of Thomas Barrington, of Kingston, who died three months after of consumption, and the money was paid over to the widow, who divided with her accomplices.

Man and Broncho Race.

[From the Highland Democrat.]

There was an exciting race on Main-street, on Wednesday evening. The contestants were George Chase's broncho and John Soller, assistant in Charles Goethe's shop. The broncho was to trot 150 yards while the man ran 100 yards. The stakes were five dollars, and Soller won.

In November.

Poor naked wretches, whoso'er you are,
That bide the pelting of this pitiless storm,
How shall your houseless heads and unfed sides,
Your loop'd and window'd raggedness, defend you
From seasons such as these?

—*King Lear, Act III, Sec. 4.*

DOINGS IN DELAWARE COUNTY.

Concerning a Farmers' Club—A New Iron Bridge at Delhi.

Fair Delaware!—*Fydnka.*

The Walton Farmers' Club is likely to go to pieces for lack of interest.

Potatoes are being sold for 35 cents per bushel at Stamford and Grand Gorge.

The buckwheat crop in Delaware County is larger than was expected six weeks ago.

[From the Delhi Republican.]

The new iron bridge has arrived, is being drawn on the ground, and will be put up in a day or so if the weather permits. The new pier is of the same solid and substantial workmanship as those at Sherwood's bridge, and a wing wall and greater width of channel will, it is believed, prevent the undermining and damage by flood, which occurred last spring, and has rendered necessary this more adequate and substantial improvement, which will speak for itself very soon.

SPECIAL BUSINESS NOTICES.

Two charming little girls were dancing "the racket" in the streets. "What makes you so happy?" a gentleman asked. "Oh! our ma's have thrown away all our horrid medicine, and we have only to take Dr. Bull's Cough Syrup, and that ain't bad at all."

THEIR BUSINESS BOOMING.

Probably no one thing has caused such a general revival of trade at VanBeusen Bros., Rondout, and F. J. R. Clarke's, Kingston, Drug Stores, as their giving away to their customers of so many free trial bottles of Dr. King's New Discovery for Consumption. Their trade is simply enormous in this very valuable article from the fact that it always cures and never disappoints. Coughs, Colds, Asthma, Bronchitis, Croup, and all throat and lung diseases quickly cured. You can test it before buying by getting a trial bottle free, large size $1. Every bottle warranted.

DR. HOXSIE'S CERTAIN CROUP CURE

Promptly administered, will cure any and every form of throat and lung trouble. Prevents pneumonia and consumption. 50 cents.

WILL YOU SUFFER with Dyspepsia and Liver Complaint? Shiloh's Vitalizer is guaranteed to cure you. For sale by F. J. R. Clarke, Kingston.

Dr. A. C. Henderson, of Brooklyn, N. Y., writes: "I find Prasteur's Barley Tonic invaluable as a blood regulator and strength-giving tonic, and as a cure for summer complaints."

Do you suffer with catarrh? You can be cured if you take Hood's Sarsaparilla, the great blood purifier. Sold by all druggists.

MARRY YOUR SONS WHEN YOU WILL, YOUR DAUGHTERS WHEN YOU CAN,

But in either case counsel them to use nothing but Hop Ointment for chapped hands and lips, sore nose, cold cracks and rough, pimply skin. Never fails. All druggists, 25 and 50 cents, or mail stamps to Hop Co., New-London, Conn.

Boils, carbuncles and other skin eruptions indicate that the system is endeavoring to reject poisonous acids, and that Ayer's Sarsaparilla is imperatively needed. It is the most reliable of all blood medicines. Ask your druggist for it, and take no other.

A DRUGGIST SAYS.

Marvin C. Brown, Druggist, Meredith Village, N. H., says: I have sold your Sulphur Bitters for years, and, contrary to most medicines, I never sold a bottle to any one who said it did not help them. They cured me of those terrible sick headaches when every other remedy failed.

STYLE.

The most fashionable color, at present, is the hue of health, and it will never go out of style. Its shades and tints are various, but all of them are exceedingly becoming. It is perfectly astonishing what a change is being daily wrought by Dr. Pierce's Favorite Prescription in the looks of sickly women. Sufferers from any sort of "female weakness" or irregularity, backache or nervous prostration should give it trial. All druggists.

ONE OF MANY.

VICTOR, N. Y., Feb. 1, 1887.

Mr. O. F. Woodward: Dear Sir: Send me one-half gross Kemp's Balsam, 50c. size, and a few samples. I certainly know that Kemp's Balsam is the best selling cough cure. I have fifteen other cough and lung remedies on my shelves, and Kemp's Balsam sells 10 to 1 best of all. Respectfully yours,

F. E. COBB.

Sold by all druggists at 50c. and $1. Sample bottle free.

PILES! PILES! ITCHING PILES.

Symptoms—Moisture; intense itching and stinging; most at night; worse by scratching. If allowed to continue tumors form, which often bleed and ulcerate, becoming very sore. Swayne's Ointment stops the itching and bleeding, heals ulceration, and in most cases removes the tumors. At druggists, or by mail, for 50 cent. Dr. Swayne & Son, Philadelphia.

THE REV. GEO. H. THAYER, of Bourbon, Ind. says: "Both myself and wife owe our lives to SHILOH'S CONSUMPTION CURE." Sold by Frederick J. R. Clark.

SICK WIVES AND DAUGHTERS.

You have often seen them with pale faces, poor appetite, head and back ache, symptoms common to the sex. Fathers and mothers lose no time in securing Dr. David Kennedy's Favorite Remedy, of Rondout, N. Y.

It will cost only one dollar and is much cheaper than sickness.

If your druggist does not keep the medicine, address the proprietor, Rondout, N. Y.

Will be found an excellent remedy for sick headache. Carter's Little Liver Pills. Thousands of letters from people who have used them prove this fact. Try them.

ARE YOU MADE miserable by indigestion, Constipation, Dizziness, Loss of Appetite, Yellow Skin? Shiloh's Vitalizer is a positive cure. Sold by Frederick J. R. Clark.

Hood's Sarsaparilla is a purely vegetable preparation, being free from injurious ingredients. It is peculiar in its curative power.

LOCAL SHEAVES GATHERED TO-DAY FROM THE HARVEST OF NEWS.

And the Sickle Cut a Wide and Deep Swarth Leaving no Aftermath, and all the Grain is Here in "Freeman" News Paragraphs.

Facts are stubborn things.

What is the local news this Twenty-second day of November? The most startling news is that two prisoners in the Ulster County Jail tried to escape.

SOME SPORTING MATTERS NOTED.

Horse Race on Kingston Driving Park To-Morrow—Coming Walking Match.

At the meeting of the Base Ball Convention to-day in New-York City A. L. Christy, who, it is said, represents a syndicate, offered $150,000 for the Philadelphia Club, but its managers want a higher figure.

There will be a trotting and running race at Kingston Driving Park to-morrow afternoon. The programme includes a trotting race, between Ernest Steuding's bay gelding and L. Stewart's chestnut gelding; a running race between Marcus Lane's s. g. Donkey; A. Lasher's b. m. Black Bess; Frank Newmyer's b. g. Dashway; Marcus Lane's s. g. Peter; Ernest Steuding's r. m. Higginsville. A horse race so late in November is a novelty to horsemen hereabout.

The Kingston Driving Park track, in the morning before the sun has thawed the ground, is a fine place for driving or 'cycling. The frost never makes this track hard because of the sandy nature of the soil. "I never had a smoother or swifter ride over a road than to-day," said a Kingston 'cyclist. "Where the track has been worn down by wagons, it is smooth as a floor. My wheel ran over the road without a perceptible jar. When the wind was on my back it ran without my touching my pedals oftentimes for a quarter of a mile. The air was keen, but not disagreeable, and it was decidedly bracing. To those 'cyclers who fear the cold I can say that I wasn't a bit cold. I wore a cap pulled well down and of course had gloves on my hands."

A dispatch to THE FREEMAN from New-York City this afternoon stated: Up to noon to-day the following pedestrians had paid the entrance fee and will probably be the starters in the six-day go as-you-please walking match which commences at midnight November 25; Littlewood, England; Patterson's "unknown;" G. Mason, England; T. C. Adams, Bristol; Hazel, England, James' "unknown;" Cartwright, England; Henry Brown, Hartford; Samuel Day, Philadelphia. Matthew Sackie, Brooklyn; Frank Hart, Boston; Robert Vint, Brooklyn; Robert Peach, New-York; Herty, Boston; Joseph Grezna, Austria; Guerrero, San Francisco; Campana; John Hughes; Burns' "unknown;" Frank Desmond; John Maloney; Norman Taylor, the "Pie Eater," Vermont; John Craig, Ireland; Thomas Haworth, Atlantic City; Rafferty's "unknown;" Noremac; Fox's "unknown;" Peter Golden, New-York; Benjamin Washburn, St. Louis; Hegelman, Germany; Henry Meyers, Germany; John Bugeldrum, South Bend, Ind.; George Hoffman, Brooklyn; George Connor, England; W. E. Barnum, England; Daniel Dillon, England; Peter Van Ness, New-York; Alfred Elson, Connecticut; Archie Sinclair, Scotland, and E. C. Moore, Philadelphia. Albert, of Philadelphia has not entered as yet, but may do so to defend the championship.

MINOR NOTES AROUND THIS TOWN.

Facts, Fancies and Gossip Heard by Reporters Here This Day.

Fair weather is promised for Friday.

"Sea gulls" can now be seen hovering near the Rondout light-house.

The labors of the campaign poets are concluded. Their achievements were great and their work laborious

The members of the Fourteenth Separate Company will hold a full dress drill at their armory, on Union-avenue, this evening.

"Women's head gear is so much like men's that women can appropriate a man's hat and wear it without being at all conspicuous," said a Kingston man to-day.

The Union League Club will tender a reception to Hon. Warner Miller in New-York City, this evening. Several Kingston City gentlemen will be present.

Kingston ladies have secured the rooms of Kingston Lodge No. 10, F. & A. M., for the purpose of holding sociables. The first one will be held on Thanksgiving Eve.

A "peculiar disease" is said to afflict dogs in Dutchess County. If some of the snapping and snarling mongrel dogs in this City could only "catch it," their number might be lessened.

Lewis I. Patchen, of Rondout, has on exhibition in his office the dried head of a 10-pound pickerel which he caught in the St. Lawrence River. The skin is stretched in such a shape that the head looks like that of a fox, and which it has frequently been taken for.

President-elect Harrison has received and answered 44 letters from parents who have named babies after him. By the way, a 12-pound colored boy was born last week in the Seventh Ward which has already been named Benjamin Levi Harrison Morton Martin Monett Barney, and THE FREEMAN hears that other names are to be put on as soon as he gets big enough.

WALKING ON THE HUDSON RIVER.

What the Latest Aspirant for "Fame" Told a Reporter Yesterday.

C. W. Oldreiv, who is essaying to walk on the Hudson River from Albany to New-York, reached Poughkeepsie at about 6 o'clock last night. He was benumbed with the cold. After resting about an hour he started again on his watery journey. Yesterday morning when the amphibious pedestrian was at Rhinecliff he told a reporter of THE FREEMAN that the task he had undertaken was more prodigious than he expected it would be when he started out. The Professor said there was one advantage in walking on the water and that was there were no stones to tumble over in his path. One man near Saugerties who saw the walker, put off from the shore in a duck boat with his gun, believing that Oldreiv was a new species of game. The sight of a man walking on the water is a novelty to passengers on steamboats.

A dispatch from Newburgh at 3:30 o'clock this afternoon stated Oldrieve, the water walker, has not yet arrived here on his way down the Hudson River.

JAIL BIRDS TRY TO ESCAPE HERE.

Jailor Isaac Carman Makes a Discovery in The Very Nick of Time.

This morning when Isaac Carman, the Jailor of the Ulster County Jail, in Kingston, made his usual examination of the cells he found that one of the iron bars of a window of a cell in which were Patrick McManus, of Milton, charged with mayhem, and William Dobson, a canaller, charged with grand larceny, had been sawed almost entirely off.

There are double iron bars at the window and the men intended to saw off the other bar to-night and then escape.

In the cell were found two case knives which had been made into saws by notching the blades.

Wedded in Kingston.

On Wednesday evening Daniel Williams and Miss N. L. Eighmey, both of Kingston, were married. The ceremony was performed at the residence of the bride's father. The officiating clergyman was the Rev. J. Ackerly. There were many guests. The presents were elaborate. The bride wore a dress of cream white Henrietta cloth trimmed with satin, and carried a bouquet of roses.

Remarkable Hens.

A man at Downsville says his hens have laid boiled eggs since Harrison's election. He contends this is due to the heated campaign.

KINGSTON PHILHARMONIC SOCIETY.

Arranging for the Coming Festival Here—Rehearsal at City Hall Last Night.

Then let the Muses, with such notes as these.—*Waller.*

The members of the Kingston Philharmonic Society had a rehearsal last evening. Of the 250 members now on the rolls of the Society, about 140 were present, classified as follows: Sopranos 75, Altos 25, bassos 25, tenors 15. The rehearsal began at about 7:30 o'clock and lasted, with two brief intermissions, until 10 o'clock. On the programmes for the various concerts to be given on the Festival Week are several pleasing anthems and secular choruses. Portions of these were rehearsed, beginning with the Spinning chorus from Wagner's opera, "Flying Dutchman." In this chorus the singers did excellently. The next piece taken up was an anthem from Mendelssohn's "St Paul"—"But the Lord is Mindful of His Own." From this the Conductor passed to the Easter anthem "This is the Day Which the Lord Hath Made." The chorus work in both the anthems was commendable. The lullaby song, "Sleep, Darling, Sleep," was sung effectively. "Farewell," a popular piece among Germans, was rehearsed without piano accompaniment. The chorus was full and strong. After rehearsing the "Chorus of the Sons of Japhet" the balance of the time was given to Haydn's Oratorio of the "Creation," which will be sung in the last concert of the festival. The rendition of this oratorio with a chorus of from 400 to 500 voices will be one of the greatest efforts of Ulster County vocalists. The concerts on the week of the festival promise to be liberally patronized. For the Festival the Kingston City vocalists will be strengthened by the members of the Marlborough Choral Union, who are rehearsing actively, and there will also be singers from Gloversville, Schenectady, Hudson and other places. There will probably be three more rehearsals under Conductor Hulslander, before the festival, one on next Tuesday evening and two others on the evenings of December 4 and 5. There will also be rehearsals under the personal direction and leadership of Carl Zerrahn. The singing will be supplemented by one of the leading orchestras in the United States, Blaisdell's, of Boston, consisting of 25 performers. The rehearsals and public concerts during the week of the Festival will be conducted by Carl Zerrahn. The specialists and soloists engaged are Rafael Joseffy, pianist; Mme. Fursch Madi, soprano; Miss Marie Van, soprano; Miss Gertrude Edmonds, contralto; George J. Parker, tenor; Myron W. Whitney, basso; Mrs. Martha Dana Shepard, accompanist.

AS RELATED BY REPUTABLE CITIZENS.

A Strange Occurence on Union-Avenue, Rondout, at About 7 O'Clock this A. M.

A strange sight was witnessed on Union-avenue, Rondout, at about 7 o'clock this morning. A body of fine snow, shaped like a huge funnel, came down. In its descent it was whirled around by a cyclone of wind. Albert Mauterstock ran into a store. He said he was afraid that he would be picked up by the wind and swept away. When about 50 feet from the ground the wind scattered and the funnel of snow burst and was strewn a long distance. For a moment the air was so filled with snow that objects on the opposite side of the street could not be discerned.

Journalistic Notes.

Captain Ira N. Burritt, editor and proprietor of the *Sunday Herald*, died this morning in Washington.

A Sure Sign.—"Any important news in railroad circles to-day?" asked the News Editor, as Faber rushed into the office and hastily began to scribble on a pad. "Yes, there must be a frightful accident down the road, for when I called at the office I was told there was no information for the press to-day."—*Puck.*

Here Too.

Wanted—Somebody to talk for three minutes who will not use the word quite. It is time for the men and women who insist upon saying that they are "quite" well, or that the day is "quite" cool, or "quite" pretty, or "quite" beastly, or that the play is "quite" good or "quite" the reverse ought to be made to move along. It is quite time that we should have a rest on this word.—*Chicago Mail.*

GRAND TOUR THROUGH MEXICO AND CALIFORNIA.

One of the most elaborate and comprehensive of the Raymond & Whitcomb tours is the Mexico and California excursion. A party of limited size goes through the Southern States, Mexico and to the Pacific Coast in a magnificent Pullman vestibuled train, which includes a dining-car, barber shop, bath room and library, in short, a complete "hotel on wheels." The cars are used as lodging places only where first-class hotel accommodations are lacking, but this must frequently be the case in Mexico. With such facilities for comfort at command the party can visit many out-of-the-way points. Not one tourist in a thousand sees half the places that are visited by a Raymond & Whitcomb excursionist. New and important additions have been made to the route this year, both in Mexico and California. One of the new points to be seen is the quaint and interesting City of Guadlajara, which has just been placed in railway communication with the outside world. A corps of guides and interpreters accompanies the sight-seers everywhere, and many special facilities for observation and study are afforded the visitors; high Mexican officials, and the people of the country generally, looking with great favor upon a scheme that brings into their midst travelers of the most intelligent class. There will be three tours through Mexico the coming season—two including California and one omitting it—Monday, January 14, being the date of departure of the first party. Full details may be learned from a circular, which will be mailed free by J. M. Jenkins, 257 Broadway, New-York. The second and third parties will leave February 11 and March 11. There are to be several California excursions in December, January, February and March.

The Nerves

Romberg says that "neuralgia is the prayer of the nerves for healthy blood." This is equally true of every form of nervous disease. If the blood is in a normal condition the nervous system receives from it the strength its functions require. Hence the all-important question of the purification of the blood again impresses itself upon us. A moment of careful thought enables us to realize why Hood's Sarsaparilla by its power to purify the blood produces cures in a great variety of diseases to an extent hitherto unknown.

Nervous Headaches

"I have been for years a great sufferer from nervous headache of an unusually severe type. I have tried a great many remedies but never found any relief till I began to use Hood's Sarsaparilla. Before the second bottle was gone my headaches were not so severe nor so frequent. I am just beginning the fourth bottle and have not felt so well for years. The confused dizzy feeling in the head is absolutely gone and my general health is wonderfully improved. I write this hoping it may induce some other sufferer like myself to try this invaluable medicine." MRS. W. S. CARTWRIGHT, Shelter Island, Suffolk Co., N. Y.

FELT MEAN.

"I have been troubled a great deal with headache, had no appetite, no strength and felt as mean as anyone could and be about my work. Since taking Hood's Sarsaparilla I have not had the headache, my food has relished and seemed to do me good and I have felt myself growing stronger every day." M. A. STEINMAN, 19 Grand-Ave., Grand Rapids, Mich.

N. B.—If you decide to take Hood's Sarsaparilla do not be induced to buy anything else.

HEARD ON THE STREETS.

LOCAL SHEAVES GATHERED TO-DAY FROM THE HARVEST OF NEWS.

And the Sickle Cut a Wide and Deep Swarth Leaving no Aftermath, and all the Grain is Here in "Freeman" News Paragraphs.

Facts are stubborn things.

What is the local news this Twenty-second day of November? The most startling news is that two prisoners in the Ulster County Jail tried to escape.

SOME SPORTING MATTERS NOTED.

Horse Race on Kingston Driving Park To-Morrow—Coming Walking Match.

At the meeting of the Base Ball Convention to-day in New-York City A. L. Christy, who, it is said, represents a syndicate, offered $150,000 for the Philadelphia Club, but its managers want a higher figure.

There will be a trotting and running race at Kingston Driving Park to-morrow afternoon. The programme includes a trotting race, between Ernest Steuding's bay gelding and L. Stewart's chestnut gelding; a running race between Marcus Lane's s. g. Donkey; A. Lasher's b. m. Black Bess; Frank Newmyer's b. g. Dashway; Marcus Lane's s. g. Peter; Ernest Steuding's r. m. Higginsville. A horse race so late in November is a novelty to horsemen hereabout.

The Kingston Driving Park track, in the morning before the sun has thawed the ground, is a fine place for driving or 'cycling. The frost never makes this track hard because of the sandy nature of the soil. "I never had a smoother or swifter ride over a road than to-day," said a Kingston 'cyclist. "Where the track has been worn down by wagons, it is smooth as a floor. My wheel ran over the road without a perceptible jar. When the wind was on my back it ran without my touching my pedals oftentimes for a quarter of a mile. The air was keen, but not disagreeable, and it was decidedly bracing. To those 'cyclers who fear the cold I can say that I wasn't a bit cold. I wore a cap pulled well down and of course had gloves on my hands."

A dispatch to THE FREEMAN from New-York City this afternoon stated: Up to noon to-day the following pedestrians had paid the entrance fee and will probably be the starters in the six-day go as-you-please walking match which commences at midnight November 25; Littlewood, England; Patterson's "unknown;" G. Mason, England; T. C. Adams, Bristol; Hazel, England, James' "unknown;" Cartwright, England; Henry Brown, Hartford; Samuel Day, Philadelphia. Matthew Sackie, Brooklyn; Frank Hart, Boston; Robert Vint, Brooklyn; Robert Peach, New-York; Herty, Boston; Joseph Grezna, Austria; Guerrero, San Francisco; Campana; John Hughes; Burns' "unknown;" Frank Desmond; John Maloney; Norman Taylor, the "Pie Eater," Vermont; John Craig, Ireland; Thomas Haworth, Atlantic City; Rafferty's "unknown;" Noremac; Fox's "unknown;" Peter Golden, New-York; Benjamin Washburn, St. Louis; Hegelman, Germany; Henry Meyers, Germany; John Bugeldrum, South-Bend, Ind.; George Hoffman, Brooklyn; George Connor, England; W. E. Barnum, England; Daniel Dillon, England; Peter Van Ness, New-York; Alfred Elson, Connecticut; Archie Sinclair, Scotland, and E. C. Moore, Philadelphia. Albert, of Philadelphia has not entered as yet, but may do so to defend the championship.

MINOR NOTES AROUND THIS TOWN.

Facts, Fancies and Gossip Heard by Reporters Here This Day.

Fair weather is promised for Friday.

"Sea gulls" can now be seen hovering near the Rondout light-house.

The labors of the campaign poets are concluded. Their achievements were great and their work laborious

The members of the Fourteenth Separate Company will hold a full dress drill at their armory, on Union-avenue, this evening.

"Women's head gear is so much like men's that women can appropriate a man's hat and wear it without being at all conspicuous," said a Kingston man to-day.

The Union League Club will tender a reception to Hon. Warner Miller in New-York City, this evening. Several Kingston City gentlemen will be present.

Kingston ladies have secured the rooms of Kingston Lodge No. 10, F. & A. M., for the purpose of holding sociables. The first one will be held on Thanksgiving Eve.

A "peculiar disease" is said to afflict dogs in Dutchess County. If some of the snapping and snarling mongrel dogs in this City could only "catch it," their number might be lessened.

Lewis I. Patchen, of Rondout, has on exhibition in his office the dried head of a 10-pound pickerel which he caught in the St. Lawrence River. The skin is stretched in such a shape that the head looks like that of a fox, and which it has frequently been taken for.

President-elect Harrison has received and answered 44 letters from parents who have named babies after him. By the way, a 12-pound colored boy was born last week in the Seventh Ward which has already been named Benjamin Levi Harrison Morton Martin Monett Barney, and THE FREEMAN hears that other names are to be put on as soon as he gets big enough.

WALKING ON THE HUDSON RIVER.

What the Latest Aspirant for "Fame" Told a Reporter Yesterday.

C. W. Oldreiv, who is essaying to walk on the Hudson River from Albany to New-York, reached Poughkeepsie at about 6 o'clock last night. He was benumbed with the cold. After resting about an hour he started again on his watery journey. Yesterday morning when the amphibious pedestrian was at Rhinecliff he told a reporter of THE FREEMAN that the task he had undertaken was more prodigious than he expected it would be when he started out. The Professor said there was one advantage in walking on the water and that was there were no stones to tumble over in his path. One man near Saugerties who saw the walker, put off from the shore in a duck boat with his gun, believing that Oldreiv was a new species of game. The sight of a man walking on the water is a novelty to passengers on steamboats.

A dispatch from Newburgh at 3:30 o'clock this afternoon stated Oldrieve, the water walker, has not yet arrived here on his way down the Hudson River.

JAIL BIRDS TRY TO ESCAPE HERE.

Jailor Isaac Carman Makes a Discovery in The Very Nick of Time.

This morning when Isaac Carman, the Jailor of the Ulster County Jail, in Kingston, made his usual examination of the cells he found that one of the iron bars of a window of a cell in which were Patrick McManus, of Milton, charged with mayhem, and William Dobson, a canaller, charged with grand larceny, had been sawed almost entirely off.

There are double iron bars at the window and the men intended to saw off the other bar to-night and then escape.

In the cell were found two case knives which had been made into saws by notching the blades.

Wedded in Kingston.

On Wednesday evening Daniel Williams and Miss N. L. Eighmey, both of Kingston, were married. The ceremony was performed at the residence of the bride's father. The officiating clergyman was the Rev. J. Ackerly. There were many guests. The presents were elaborate. The bride wore a dress of cream white Henrietta cloth trimmed with satin, and carried a bouquet of roses.

Remarkable Hens.

A man at Downsville says his hens have laid boiled eggs since Harrison's election. He contends this is due to the heated campaign.

KINGSTON PHILHARMONIC SOCIETY.

Arranging for the Coming Festival Here—Rehearsal at City Hall Last Night.

Then let the Muses, with such notes as these.—*Waller.*

The members of the Kingston Philharmonic Society had a rehearsal last evening. Of the 250 members now on the rolls of the Society, about 140 were present, classified as follows: Sopranos 75, Altos 25, bassos 25, tenors 15. The rehearsal began at about 7:30 o'clock and lasted, with two brief intermissions, until 10 o'clock. On the programmes for the various concerts to be given on the Festival week are several pleasing anthems and secular choruses. Portions of these were rehearsed, beginning with the Spinning chorus from Wagner's opera, "Flying Dutchman." In this chorus the singers did excellently. The next piece taken up was an anthem from Mendelssohn's "St Paul"—"But the Lord is Mindful of His Own." From this the Conductor passed to the Easter anthem "This is the Day Which the Lord Hath Made." The chorus work in both the anthems was commendable. The lullaby song, "Sleep, Darling, Sleep," was sung effectively. "Farewell," a popular piece among Germans, was rehearsed without piano accompaniment. The chorus was full and strong. After rehearsing the "Chorus of the Sons of Japhet" the balance of the time was given to Haydn's Oratorio of the "Creation," which will be sung in the last concert of the festival. The rendition of this oratorio with a chorus of from 400 to 500 voices will be one of the greatest efforts of Ulster County vocalists. The concerts on the week of the festival promise to be liberally patronized. For the Festival the Kingston City vocalists will be strengthened by the members of the Marlborough Choral Union, who are rehearsing actively, and there will also be singers from Gloversville, Schenectady, Hudson and other places. There will probably be three more rehearsals under Conductor Hulslander, before the festival, one on next Tuesday evening and two others on the evenings of December 4 and 5. There will also be rehearsals under the personal direction and leadership of Carl Zerrahn. The singing will be supplemented by one of the leading orchestras in the United States, Blaisdell's, of Boston, consisting of 25 performers. The rehearsals and public concerts during the week of the Festival will be conducted by Carl Zerrahn. The specialists and soloists engaged are Rafael Josefy, pianist; Mme. Fursch Madi, soprano; Miss Marie Van, soprano; Miss Gertrude Edmonds, contralto; George J. Parker, tenor; Myron W. Whitney, basso; Mrs. Martha Dana Shepard, accompanist.

AS RELATED BY REPUTABLE CITIZENS.

A Strange Occurence on Union-Avenue, Rondout, at About 7 O'Clock this A. M.

A strange sight was witnessed on Union-avenue, Rondout, at about 7 o'clock this morning. A body of fine snow, shaped like a huge funnel, came down. In its descent it was whirled around by a cyclone of wind. Albert Mauterstock ran into a store. He said he was afraid that he would be picked up by the wind and swept away. When about 50 feet from the ground the wind scattered and the funnel of snow burst and was strewn a long distance. For a moment the air was so filled with snow that objects on the opposite side of the street could not be discerned.

Journalistic Notes.

Captain Ira N. Burritt, editor and proprietor of the *Sunday Herald*, died this morning in Washington.

A Sure Sign.—"Any important news in railroad circles to-day?" asked the News Editor, as Faber rushed into the office and hastily began to scribble on a pad. "Yes, there must be a frightful accident down the road, for when I called at the office I was told there was no information for the press to-day."—*Puck.*

Here Too.

Wanted—Somebody to talk for three minutes who will not use the word quite. It is time for the men and women who insist upon saying that they are "quite" well, or that the day is "quite" cool, or "quite" pretty, or "quite" beastly, or that the play is "quite" good or "quite" the reverse ought to be made to move along. It is quite time that we should have a rest on this word.—*Chicago Mail.*

GRAND TOUR THROUGH MEXICO AND CALIFORNIA.

One of the most elaborate and comprehensive of the Raymond & Whitcomb tours is the Mexico and California excursion. A party of limited size goes through the Southern States, Mexico and to the Pacific Coast in a magnificent Pullman vestibuled train, which includes a dining-car, barber shop, bath room and library, in short, a complete "hotel on wheels." The cars are used as lodging places only where first-class hotel accommodations are lacking, but this must frequently be the case in Mexico. With such facilities for comfort at command the party can visit many out-of-the-way points. Not one tourist in a thousand sees half the places that are visited by a Raymond & Whitcomb excursionist. New and important additions have been made to the route this year, both in Mexico and California. One of the new points to be seen is the quaint and interesting City of Guadlajara, which has just been placed in railway communication with the outside world. A corps of guides and interpreters accompanies the sight-seers everywhere, and many special facilities for observation and study are afforded the visitors; high Mexican officials, and the people of the country generally, looking with great favor upon a scheme that brings into their midst travelers of the most intelligent class. There will be three tours through Mexico the coming season—two including California and one omitting it—Monday, January 14, being the date of departure of the first party. Full details may be learned from a circular, which will be mailed free by J. M. Jenkins, 257 Broadway, New-York. The second and third parties will leave February 11 and March 11. There are to be several California excursions in December, January, February and March.

The Nerves

Romberg says that "neuralgia is the prayer of the nerves for healthy blood." This is equally true of every form of nervous disease. If the blood is in a normal condition the nervous system receives from it the strength its functions require. Hence the all-important question of the purification of the blood again impresses itself upon us. A moment of careful thought enables us to realize why Hood's Sarsaparilla by its power to purify the blood produces cures in a great variety of diseases to an extent hitherto unknown.

Nervous Headaches

"I have been for years a great sufferer from nervous headache of an unusually severe type. I have tried a great many remedies but never found any relief till I began to use Hood's Sarsaparilla. Before the second bottle was gone my headaches were not so severe nor so frequent. I am just beginning the fourth bottle and have not felt so well for years. The confused dizzy feeling in the head is absolutely gone and my general health is wonderfully improved. I write this hoping it may induce some other sufferer like myself to try this invaluable medicine." MRS. W. S. CARTWRIGHT, Shelter Island, Suffolk Co., N. Y.

FELT MEAN.

"I have been troubled a great deal with headache, had no appetite, no strength and felt as mean as anyone could and be about my work. Since taking Hood's Sarsaparilla I have not had the headache, my food has relished and seemed to do me good and I have felt myself growing stronger every day." M. A. STEINMAN, 19 Grand-Ave., Grand Rapids, Mich.

N. B.—If you decide to take Hood's Sarsaparilla do not be induced to buy anything else.

NOTES ON NEWS OF THE DAY.

GOV. HILL started for home from his visit to Fortress Monroe last night, and "Gov." Jones of Binghamton will once more lay down the sceptre to-day. But the state always prospers and is happy under Jones.

DISTRICT ATTORNEY FELLOWS yesterday paid $5,958.95 upon the claim of the Gescheidt estate against him. He had kept this money from the rightful heirs since 1872. There is about $10,000 more to pay. He can probably save it out of his salary if he continues to live a "simple Christian life."

IT'S no use writing to Mrs. Harrison for her influence in securing appointments. She has received several letters already, and to all her answer is that she is not in politics. She also intimates that she does not expect to have much influence with the coming administation, and that her efforts to control patronage might result injuriously to the applicant.

IN the six Congressional districts of South Carolina from which official reports have been received, a total of 60,581 votes were cast for Representatives, an average of 10,097 per district. In the three counties comprising the seventeenth Congressional district of New York 42,500 votes were cast. In South Carolina a voter has the power of more than four voters in Ulster, Delaware or Greene county. This injustice will have to be corrected within the next four years.

THE President yesterday appointed new Postmasters at Pulaski, Dunkirk, Granville and Hudson. Except at Granville the incumbent Postmasters were removed without waiting for the expiration of their commissions. These appointments accord with the report that Mr. Cleveland is going to turn out all Republican office holders and fill their places with Democrats before he goes out himself. He is angry and disappointed because their retention did not make them Democrats.

LORD RANDOLPH CHURCHILL'S recent speech was so friendly to the United States that it is accepted in London as indicating his expectation to be sent to Washington in Lord Sackville's place. England will grow in the respect of this country when she sends one of her foremost statesmen here, instead of a professional diplomat, to whom office is given as a means of support. Sackville has without doubt been a melancholy failure, and Mr. Cleveland is among the men who hold this opinion with a grip of iron.

CARDINAL GIBBONS is the first Catholic prelate to recognize Thanksgiving Day in the United States. He has issued a circular to the clergy of the Baltimore Archdiocese, calling attention to the President's proclamation, and directing that the prayer for the authorities be said after the late mass in each church on the day appointed. Among the special reasons for general thanksgiving and prayer that he mentions, are the temporal prosperity and good order of the country, the mysterious dispensation of providence in the yellow fever pestilence, and the peaceful end of the recent great election contest.

JOSEPH NIMMO, late Chief of the Bureau of Statistics of the United States, has prepared a report on the production and commerce of the country during the seven years from 1880 to 1886 inclusive. The total annual value of the productions during that period was in round numbers $10,000,000,000. The average annual export was $766,135,427 and average annual import $646,774,736. Production has therefore been thirteen times as large as the export and fifteen times as large as the import. The bulk of the production, or twelve-thirteenths of it, goes to the home market. This is a condition produced by protection, and no free trade theory can stand before it.

JUDGE RUCKER of Colorado has challenged Senator Blackburn of Kentucky to mortal combat. The quarrel arose over the statement of Rucker that he heard President Cleveland assert his expectation of defeat because of the unfriendliness or indifference of Hill, Hewitt and Grant. Blackburn claimed to be present when the conversation took place, denied that the President made any such remark, and accused Rucker of falsehood. As both parties are Democrats, the country can afford to suspend the law against dueling till they have had their fight. Democratic bullets never kill Democrats, even at three paces. But they can be relied upon to bring down a "nigger" across a ten acre patch of woods.

THE practice of doing something *outre* and startling in celebration of a marriage received a painful rebuke at St. George, W. Va., yesterday morning. Patrick Waters and Jessie Bates having been married the previous evening, started on a wedding tour through the forests of Tucker county. When they reached an unfinished railroad bridge across the Blackwater river they attempted to cross on the narrow timbers. The bride was half way over when she became dizzy, and with a shriek fell into the foaming current. Her husband instantly plunged after her. The only chance of rescuing the luckless couple was a quarter of a mile below, where the stream was less dangerous. They were taken out of the water locked in each other's arms, and apparently dead. The bride was resuscitated, but the husband was beyond help. It is feared that the woman so suddenly made a widow will become permanently insane.

THE story is now being told that President Cleveland wrote his one-idea free-trade message under the pressure of arguments by Manton Marble, backed by Henry Watterson. Every member of the Cabinet approved except Whitney, who thought he saw danger ahead. Vilas was so earnest that he became discourteous to Whitney and talked contemptuously of "cowardice in politics" and "want of manliness." The conclusion of the Cabinet was that the message should be sent to Congress. It is a little remarkable that this story did not leak out before the election. It is still more remarkable that the party which before election praised Mr. Cleveland for his courage and thanked him for giving it an issue that would win, should now charge upon the message all of its misfortunes and go around hunting for a scapegoat. The party which could not foresee six months ago the death that has come, was hardly fit to inaugurate a "campaign of intellect."

FOR NEW CRUISER "MAINE."

The Navy Department has Invited Proposals for the Construction of a Ship's Machinery.

By Telegraph to The Freeman.

NEW-YORK, Nov. 22.—At 1:15 o'clock this afternoon fire broke out in the First Ward Public School House at Long Island City. One of the pupils of the school had been into the basement and lighted a gas jet. The wood work close to the jet took fire, and a flame instantly shot up through a crevice in the floor. Over 900 children were studying at their desks in the various rooms of the school building.

When the children on the first floor saw the flames shooting up through the boards they raised the cry of "Fire! Fire!" Instantly there was a panic in every room of the building. The children rushed pell-mell for the narrow doors, crowding, jostling and striking each other in their efforts to get out. They did not wait to get their clothing or books.

All efforts on the part of the teachers to bring order out of the chaos proved unavailing. "Fire, fire," ran from one end of the building to the other, and the children became crazed with terror.

Those who succeeded in gaining the stairway in the upper stories were crowded and pushed so they could not stand and many were thrown headforemost down stairs where they landed in heaps of four and five.

In a room on the second floor were 60 children. Their teacher rushed to the door when the terrible alarm was echoed and re-echoed through the building, and placing her back to it, cried out that not one scholar should leave the room until they had formed the fire line and marched out in an orderly manner.

Her authoritative tone had the effect of temporarily restoring the children's presence of mind, and in a few seconds they had formed in line and began to march out.

No sooner had they reached the hallway, however, when they saw the smoke coming up from the lower floor and the terrified children on the stairs. This was too much for them, and again they broke into the wildest disorder. They threw themselves down the stairs in their mad rush for safety, and fell on top of the unfortunate little ones below.

Outside the school-house there was also great confusion. The rumor that the school-house was on fire spread through the streets and a great crowd had gathered. They were yelling, crying, hooting and swearing. Frenzied mothers stood on the sidewalk wringing their hands and crying pitifully to the men about them to assist the little ones inside.

The firemen who were on the scene brought out a few of the injured children and added fuel to the growing excitement.

In the meantime the teachers had succeeded in quieting the little ones, and assured them there was no danger from fire.

The police assisted them in the work and aided the firemen in bringing out the children, who had been bruised and cut in their awful falls down the stairs.

The fire was soon extinguished, and an examination of the little ones was made. It was found that many of them had suffered contusions on their heads and bodies, and that many of them would have to go about for three or four days with bandages over their eyes. A large number were sent home suffering from shock.

PROPOSALS FOR MACHINERY INVITED.

What is Asked of Bidders who Desire to Supply that of Cruiser "Maine."

By Telegraph to The Freeman.

WASHINGTON, Nov. 22.—The Navy Department has invited proposals for the construction of the machinery for the United States armored cruiser "Maine," now building at the New-York Navy Yard, which are to be opened February 15, 1889. Proposals will be received from every American ship-builder and other person who shall show that within three months after the contract be will be in possession of the necessary plant for the performance of the work. All of the machinery is to be of the best and most modern design constructed in accordance with the Department's designs. The engines must have appliances for working under forced draft and all the machinery must be delivered complete within two years and six months from the date of contract, and must be erected and connected on board within 12 months after the vessel is ready for its reception. The contract will contain a provision relating to premiums and penalties dependent upon the horse-power developed. Three classes of proposals are invited: First, for machinery upon the Department's designs. Second, the same with such alterations as may be suggested by the bidder; and third, for machinery solely upon the bidder's designs. A deposit of 5 per cent of the contract price is required with each bid.

Recalling a Crime Down South.

By Telegraph to The Freeman.

CHATTANOOGA, Tenn., Nov. 22.—General R. H. Biggar, of Atlanta, Ga., was one of those who lost their lives in the European Hotel fire, on the night of November 12, which is supposed to have been incendiary. Yesterday his valise, filled with stones, was found in the Tennessee River. The money which General Biggar was known to have carried in the valise was gone. A negro named Webb was arrested in Cincinnati, a few days ago, and is believed to have been the one who stole the valise. He had $1,400 on his person. The detectives are certain that they will be able to show that the hotel was burned to cover up the murder and robbery.

IN UNITED STATES DISTRICT COURT.

A Number of Important Cases Disposed of at Auburn To-Day.

By Telegraph to The Freeman.

AUBURN, N. Y., Nov. 22.—In the United States Court Dunn and Green, of Buffalo, were convicted of personating Government officials and swindling Polish saloon keepers. Dunn was fined $300 and sentenced to a year and a half in Erie Penitentiary. Green was fined the same and sentenced for one year.

Francis Casey, Buffalo, violating revenue laws, fined $100 and sentenced to six months in the Penitentiary.

John Shields, of Buffalo, embezzling checks from letters, while clerk in Post-Office, sentenced to two years in Erie Penitentiary.

Ex-Congressman Crowley, of Lockport, then made an argument for reduction of bail in case of Erwin A. Gardner, one of defendants in the celebrated opium smuggling case. There are three indictments against him, viz: smuggling opium, conspiracy and larceny. Gardner is confined in Onondaga Penitentiary, unable to obtain bondsmen for $10,000. Judge Coxe reserved his decision until to-morrow.

Judge Brundage, of Buffalo, moved the trial of Lawyer Haines, of Seattle, Wyoming Territory, charged with conspiracy in the opium smuggling case. United States Attorney Lockwood was not ready for trial, and opposed the motion. The Court said preference would be given this case when the District Attorney was ready.

The trial of Joseph Kavanagh, of Elmira, for transmitting false affidavits to the Pension Department, was then opened.

NO DOUBT OF POWDERLY'S ELECTION.

He Will also Control the Other Elections and Appointments.

By Telegraph to The Freeman.

INDIANAPOLIS, Ind., Nov. 22.—The question of elections still agitates the minds of the delegates to the Knights of Labor General Assembly. Every one now acknowledges the certainty of Powderly's re-election and his choice for other positions will be the choice of the Convention. John W. Hayes, Present General Secretary, is said to be Powderly's choice for General Secretary and Treasurer, and although Frederick Turner, General Treasurer, is a candidate and is deservedly popular, Mr. Hayes stands the best chance. Mrs. L. M. Barry will undoubtedly be re-elected to her position in charge of woman's work, and if Richard Griffiths, of Chicago, desires the place he may continue to serve as General Worthy Foreman. Mr. Powderly's nominations for members of the General Executive Board cannot be so readily predicted. A Canadian member is desired and W. W. Wright is the man whom the Northern delegates will suggest. McGuire and Aylsworth, of the present Board, and O'Reilly, of New-York, and Hugh Cavanagh, of Cincinnati, have a good chance of being selected.

Some think an adjournment may be taken Saturday night, while others look for from one to two weeks longer stay in this City.

HON. LEVI P. MORTON IN WASHINGTON

He Is Accompanied by His Wife—Interviewed by a Newspaper Reporter.

By Telegraph to The Freeman.

WASHINGTON, Nov. 22.—Vice-President-elect Levi P. Morton and Mrs. Morton are spending the day in Washington. They came over from New-York City last night and expect to return to-morrow morning. To a reporter Mr. Morton stated that his visit was for the purpose of inspecting his large apartment house, now approaching completion on the site of the residence occupied by him during his previous stay in Washington. He had not before seen the building, and he came now at the request of the architect to note the progress of the work.

"When do you expect to visit General Harrison?" was asked.

"I don't know. That hasn't been settled yet. It will depend upon the mutual convenience of the parties."

Mr. Morton desired to be as free from public notice as possible during his stay and for that reason did not, as usual, stop at any of the hotels, but is the guest of his sister Mrs. Hobson, on N street.

Upon politics he had nothing to say. The Vice-President elect bears every appearance of perfect health.

Attacking the Judges.

By Cable to The Freeman.

DUBLIN, Nov. 22.—The *United Ireland* makes a furious attack on the Parnell Commission because of the heavy fine imposed upon Edward Harrington. It says whether it is guilty of contempt or not it will not abstain from commenting on the action of the Judges. It then reiterates the charges made by the *Kerry Sentinel* against the Commission and asserts that the Government, whose existence is at stake, has packed the Court.

To Help C. S. Parnell.

By Telegraph to The Freeman.

ST. PAUL, Minn., Nov. 22.—A meeting of prominent Irish Americans was held here last night under the auspices of the local branch of the Land League to consider the best means of raising funds to assist Parnell in his suit against the *London Times*. It was decided to hold a mass meeting. The *Pioneer Press* opened a Parnell defense fund this morning, Bishop Grace heading it with $50.

THE STOCK AND MONEY MARKET.

Financial Doings on Wall-Street To-Day—The Leading Closing Quotations.

By Telegraph to The Freeman.

NEW-YORK, Nov. 22.—London prices came materially higher, this morning, and first prices here were in marked contrast to the depression of last evening, being generally from ¼ to ⅜ higher, the latter Louisville & Nashville and Lackawanna, while Canada Southern was a marked exception, being down ¼. The high prices, however, seemed made only to sell stocks upon, as the market receded immediately, and during the first 20 minutes, when a very heavy business was transacted, the general list declined from ½ to ¼ per cent., the latter in Northwest and Lackawanna, which were closely followed by New-England and Union Pacific. Omaha and Richmond & West Point, however, were the special features of the decline, losing 1¼ and 1½ respectively, and Omaha preferred declined 1 per cent. At 11 o'clock the market was quiet and rather heavy.

COUNTERFEITER FOR TWENTY YEARS.

It is Believed Richardson Will Tell All He Knows About the Business.

By Telegraph to The Freeman.

BUFFALO, Nov. 22.—Though the authorities refuse to talk about the recent big capture of counterfeiters in Western New-York and Pennsylvania, a few facts have leaked out to show it to be one of the most important cases on record. The man Richardson, who was brought to Buffalo Tuesday night by Special Agent Lyons, is not only respectable, but is in more than comfortable circumstances. He has a delightful home at Casadaga, and is the father of two estimable daughters almost grown to womanhood. It is stated that the Government has for years tried to get a case on Richardson, but never with success until this was worked up. For 20 years, it is believed, he has been making counterfeit money, and no man in the United States has ever been able to produce a spurious coin so near like the genuine as he has. The other six men interested with him circulated the coin, but Richardson, it is alleged, was the manufacturer. Detective Lyons took him to Auburn this morning, where the United States District Court is in session, and he will at once be brought before the Grand Jury. That part of the proceedings will probably be a formality, as Richardson expressed a willingness to tell all he knew about it, and would give up the whole business.

More Settlers to be Evicted.

By Telegraph to The Freeman.

MASON CITY, Ia., Nov. 22.—One hundred more writs of ejectment were served on settlers on the DesMoines River lands yesterday. The settlers were driven out of their houses, their effects were piled up in the roads and their doors and windows were barred against them. The Land Company make no compromises, and when the settlers make overtures to buy their land, as many of them are doing, they are charged rrom $16 to $26 per acre. Trouble has thus far been happily averted, but the settlers around Lehigh have formed a Union, with R. S. Boynton as their President. It is expected this Union will issue a circular outlining their grievances and making known their intentions.

ULSTER CO. BOARD OF SUPERVISORS.

What was Said and Done in Kingston, Last Evening—Routine Business.

The Ulster County Board of Supervisors met again last evening.

A communication from the West Shore Railroad Company, asking that $219.07 be refunded for overpaid taxes in the town of Ulster in 1887 was read. The facts shown were that in 1886 and 1887 the property was valued on the tax roll of that town at $51,000. In 1887, in carrying out the value of one lot of $1,000, by mistake it was made $10,000, making the valuation $60,000. The tax paid on the $9,000 and interest is the amount which the Company desires to have paid back. Referred to the Committee on Errors in Assessments.

Supervisor Irving Deyo moved that the salary of the Deputy County Treasurer be the same as last year, $1,000. Over under the rule.

The following resolutions went over under the rule: By Supervisor Kearney, to raise on the town of Kingston, railroad debt, $425.71; by Supervisor Cooper, to raise on Woodstock $150 for support of the poor, $250 for roads and bridges, and $1,102.50 to pay note given for repairs to roads and bridges; by Supervisor VanTassel, to raise on the town of Rosendale $260 to pay for road machine; by Supervisor Fitzgerald, to appoint Nicholas Murphy Sealer of Weights and Measures for Ulster County at a salary of $10 per year.

The following resolutions were adopted: By Supervisor Irving Deyo, to raise $200 on the Second School Commissioner District; by Supervisor Brink, to raise $1,500 on the County for the burial of deceased soldiers; by Supervisor Sutton, to raise on the town of Plattekill $150 for Commissioner of Highways; by Supervisor Cooper, on that part of the town of Woodstock taken from the town of Kingston $290.14 for railroad indebtedness; by Supervisor VanEtten, on the town of Saugerties $2,500 for Commissioner of Highways; by Supervisor Childs, on the town of Wawarsing $14,680; by Supervisor McMillen, on the town of Olive $250 for roads and bridges, $213.75 for road machine; by Supervisor Smedes, on the town of Hurley $100 for support of the poor and $1,200 for Commissioner of Highways.

Supervisor Childs called up the resolution to levy upon the County $986.80, on the cost of two wrought iron bridges between the counties of Orange and Ulster. The law was read, showing that the counties should each pay one-sixth of the cost.

On motion of Supervisor Irving Deyo, the matter was referred to Counsel of the Board.

Supervisor Craft presened a bill in favor of John Hansee, asking payment of $306.72 from the County. The facts alleged of the case were stated by Mr. Hansee and his counsel, William Lounsbery, and are, in brief, as follows: Hansee bought 1,300 acres of wild land in Ulster County of the State Comptroller, at a sale in 1877. Later he paid the County Treasurer taxes on the land to the amount of $216. Through some technicality the sale made by the Comptroller was declared void. Hansee says he never took possession of the land or derived any benefit from it. The lands are now in the forestry tract, owned by the State. Hansee claims the County should pay him back the money he paid for taxes and seven years interest, in all amounting to $306.72.

As the matter had been referred to the Committee on Forestry Laws, Supervisor VanTassel moved that action be deferred until the Committee reported. Carried.

Adjourned until 7 o'clock this evening.

About License Laws.

By Telegraph to The Freeman.

NEW-YORK, Nov. 22.—The Commissioners appointed to consider the propriety of revising the excise laws resume work to-d their day. Excise Commissioner Andrews said the Commissioners would approve of allowing the widow or trustee of a licensee to continue the business under the license that had been issued to the deceased owner. The place, and not the person, should be licensed, as the present system works injury to property. Certain places in the neighborhood of printing offices, markets, etc., should be permitted to keep open all night, licenses for such places only to be granted on the petition of a majority of the property-holders in the immediate neighborhood.

J. L. Mitchell, of the Anti-Saloon Republican League, of Brooklyn, thought that in large cities the license should be $1,000, and that women should not be granted licenses.

ALLEGED WHITE CAPS SUED.

An Abused Indiana Man Who Asks for Ten Thousand Dollars Damages of Eight Men.

By Telegraph to The Freeman.

CHICAGO, Ills., Nov. 22.—The strike fever has at last reached the Church, and the result is a queer complication at the extreme ritualistic Episcopal Church of the Ascension. It transpires that the acolytes of the Church, who bear a prominent part in the service, formed a society, which they named the Sanctuary Guild. Frank Phillps, the Server, was its President. A member of the Guild was Louis Carciotto. He was an Italian, dark, good-looking and imperious. He was the Dean of the Guild and insisted on calling himself Master of Ceremonies. During the service he would make gestures bidding them to do this and that, mortifying them in the presence of the congregation. So the acolytes revolted, and, with the aid of Mr. Barry, the Lay Reader, drew up a set of resolutions deposing Carciotto from the Mastership of the Ceremonies. When Father Larrabee, the Rector, heard of this proceeding he called Mr Barry to account for aiding and abetting the boys in their mutiny, and deposed him from the position of Lay Reader. The boys thereupon became indignant and formulated an ultimatum to the effect that unless the Rector restored Mr. Barry they would strike and refuse to take part in the services. Father Larrabee declined to reinstate Mr. Barry, and the result was that on Sunday last the services were shorn of much of their ritualistic character, owing to the absence of the Crucifer, the Thurifer, the Servers and other acolytes, and of the Lay Reader. Public opinion is divided. Mr. Larrabee is commended on the point of discipline; the acolytes are applauded for their valor.

OPENED REICHSTAG IN PERSON.

What Emperor William Had to Say in His Speech To-Day.

By Cable to The Freeman.

BERLIN, Nov. 22.—The Reichstag reassembled to-day. Emperor William opened the session in person. In his speech he said that the tours he had recently made had convinced him that the desire for Imperial unity was deeply rooted in the people. He referred to the inclusion of Hamburg and Bremen in the German Customs Union and to the conclusion of a commercial convention with Switzerland. He was gratified to know that trade had improved, and said that the prospect of higher prices for farming produce justified the hope of an improvement in agriculture. He emphasized the pacific character of Germany's foreign relations and policy, and said his visits abroad, which had been undertaken with a view to effecting an understanding in the interest of peace, had caused universal confidence in the maintenance of peace. The Emperor made no reference to any military bills or credits, and touched but briefly upon East-African affairs.

THE DAKOTA MILLERS TO ORGANIZE.

Efforts will be Made to Secure Greater Uniformity in Wheat Grades.

By Telegraph to The Freeman.

ST. PAUL, Minn., Nov. 22.—The *Pioneer Press* learns that representatives of 24 mills in Southern Dakota met at Aberdeen, yesterday, to organize an association. Its object is to advance the standard of industry. An intention of a trust or combination is expressly denied. Efforts will be made to secure greater uniformity in grades and to prevent the pirating of brands by Eastern dealers. Conversation with millers from nearly every section of Southern and Central Dakota develops the fact that the wheat in store is generally less than last year.

A resolution urging that United States Senators be elected directly by the people was passed, as was also a resolution advocating pure food.

Weather Indications.

WASHINGTON, Nov. 22.—*Indications for Friday: Fair, northeasterly winds.*

FRAUDS THAT CANNOT WIN.

If the *Tribune's* Washington correspondent is correctly informed, the Democratic scheme of stealing the next House has not been abandoned, but is still being industriously prosecuted. All the frauds are to be consummated in the South, where the Democrats hold entire control of the election machinery. Eighteen Republicans have been elected in the Southern states, but only four of these are to be counted in and given certificates of election. The Democrats will take three of the West Virginia Representatives, one in Florida, two in Arkansas, one in Louisiana, one in North Carolina, one in South Carolina, one in Kentucky, one in Tennessee, one in Maryland, and every seat in Virginia to which a Republican was elected.

There is no way to prevent these proceedings, for the South is the master of its own count. The Governors of the several states in which the defeated members are counted in will give them certificates of election and send them to Washington. The Clerk of the House will put their names on the roll, and they will go through the farce of organizing the House unless the Republican members object. If violence should result, the Republican executive would have the right to interfere. But this is not likely to happen. The Democrats of the South will find that in counting on the connivance or acquiescense of honorable Democratic Representatives from the North, like Randall, Cox, McAdoo, Buckalew, Holman, O'Neil, Seney and others, who believe in honest elections, they have made a mistake. There will be delay, confusion and public disturbance, but eventually the Republicans will secure their rightful majority. This is what the country expects. There is not an intelligent Democrat who believes the plot can succeed; there is not an honest one who wishes his party to bear the new dishonor of seizing unlawfully one branch of Congress.

The men who take their fraudulent certificates to Washington will undoubtedly go prepared to lose their seats. Congress has been very kind toward unsuccessful parties in contests between claimants, voting them invariably the full expense of conducting their cases and a liberal sum besides as a salve to their disappointments. Such an allowance, rather than a successful result, is what many are looking for. As long as Congress continues this indulgence there will be a strong temptation to commit fraud, and a Democratic Governor of a Southern state can generally be persuaded to assist a defeated candidate in meeting the expenses of his campaign by giving him a mortgage upon the federal treasury in the form of a certificate of election. Perhaps the coming Congress will discover that it is bad policy to pay these bills. To resolutely refuse them would be to put a healthy check upon the frauds which have become a part of the system of Congressional elections in the South.

GEN. HUSTED'S AMBITION.

Gen. Husted assigns as his principal reason for wishing the Speakership again a desire to "break the record." He has been Speaker five years, in 1874, '76, '78, '86 and '87. This is only equal to the service of DeWitt C. Littlejohn, who was Speaker in 1855, '57, '59, '60 and '61, and of Alexander Sheldon, who filled the office in 1804, '5, '6, '8 and '12. There have been very few approaches by others to this length of service. Evert Bancker alone shows a record of four years, while John Watts, Dirck TenBroeck, William North, Erastus Root and William Hitchman exhaust the list of those who were honored with a third election. Should Gen. Husted be elected at the coming session he will enter on his sixth year of service, and very effectually break the record. And as he is only 55 years old and sure of an election to membership until be gets tired or his district is gerrymandered out of existence, we may expect to see him fixing his eyes upon the gavel at the opening of each session until the close of the present century. He seems to have no other ambition than to be an Assemblyman and sit in the Speaker's chair. The people who know him best would like to see him in Congress and in the presiding office of the House of Representatives How he would awaken the sleepers there, and rattle up the dry bones in Washington. There would be work done during his term, and parliamentary tricks to prevent wholesome legislation would be at a discount.

Gen. Husted has already "broken the record" on membership in the Assembly. His recent election was the nineteenth. He began in 1869, and the only interregnums since were in 1881 and 1882. In the former year he ran for State Treasurer and was defeated; in the latter he was busy with private affairs in New York. Mr. Alvord served 15 years, Littlejohn 12, and Sheldon 11.

The candidates in addition to Husted are understood to be ex-Speaker Cole, Saxton of Wayne, and Batcheller of Saratoga. Whichever is elected, the duties will be performed with dignity and ability. The Speakership is an honor which ranks next to Governor, and is more to be desired than that of Lieutenant Governor, who is often in political antagonism with the body over which he presides. "May the best man win."

GEN. HARRISON'S PRIVATE SECRETARY.

As indicated by THE FREEMAN a fortnight ago, E. W. Halford, editor of the Indianapolis *Journal*, has been appointed by President-elect Harrison his Private Secretary. The newspapers of the country have indulged in a general speculation concerning the coming man for this position, but they have all been at fault, while some have insisted that Halford could not by any possibility be selected. Now that the place has been disposed of, renewed attention can be given to Cabinet making. We are pleased to observe the *Sun's* prediction that Thomas C. Platt is to be Secretary of the Treasury, that Warner Miller is to be left out in the cold, and that there is to be war to the knife among the Republicans of New York. About the only man in public life who has given no sign that he knows anything about the coming Cabinet is Benjamin Harrison of Indiana.

RUMSEY'S SPLENDID RUN.

Judge Rumsey is defeated for Justice of the Court of Appeals by only about 2,400 plurality. This is a remarkable result, when it is remembered that Gov. Hill's plurality was over 18,000, and that Lieut.-Gov Jones kept very close to Hill. If the Republicans of New York city had stood by Rumsey he would have been elected. They wanted a resident of their city on the Appeals bench, and thousands of them voted for Judge Gray It is also known that some of the Republican papers of New York published articles in favor of Gray as advertising matter, and that at some of the polling places no ballots for Rumsey were provided. Rumsey made, on the whole, a splendid canvass. As another Judge of the same court will be elected next year to succeed Danforth of Rochester, who then becomes disqualified by age, Rumsey is likely to be remembered. The local interest in the other candidate will not then weigh heavily against him, as the section of the state in which he and Danforth live will be plainly entitled to the succession.

PUBLIC OPINION.

The demand for high license in New York seems to be stimulated rather than depressed by the election of Governor Hill, and "our friend" will have to maintain his place in the regard of the saloon keepers by more vetoes.—*Providence Journal.*

The question as to the extension of the Presidential term to six years does not create as much of a sensation as the paper that put it expected. The people seem to think that four years are enough for a bad President, and that a good one can be re-elected if wanted. —*Brooklyn Standard-Union.*

There is no better way of dealing with the tramp nuisance, in cities, at any rate, than in setting them to work. Very likely it cannot be done profitably, but it is better to spend two dollars, if necessary, to get a dollar's worth of work out of a tramp, than to feed him and let him live without work.—*Springfield Union.*

For genuine adroitness observe a Prohibitionist manipulate the figures to prove that prohibition is really gaining ground and that the recent election was an apparent and not a real defeat. The Republican party can now view these little vagaries of the third party with undisturbed serenity.—*Rochester Democrat and Chronicle.*

When the flouring mills shut down in order to advance the price of flour, as they say they are going to, then let the people retaliate by shutting down upon flour as far as possible. There are 2,000,000,000 (two billion) bushels of corn in the crop of 1888. Try fine corn meal; you have no idea how toothsome and nourishing it is.—*Buffalo Times.*

Warner Miller certainly performed horoic service. He probably saved the state to Harrison, though at the sacrifice of himself. He broke the prohibition lines, which united might have increased their vote so materially as to have left Harrison in a minority, while by his action he brought against himself a heavy German Republican vote that remained true to the Presidential ticket.—*Albany Times, Dem.*

It is reported that Mr. Cleveland will live in Washington, or New-York, or Baltimore, or Buffalo, or St. Paul, or Minneapolis. We cannot speak for any other city but our own. But we would indulge in hyperbole sufficiently to remark that, while there may be flies on Mr. Cleveland, a close inspection would fail to discover any Buffalo dust on the soles of his feet.—*Buffalo Express.*

Some of the Democratic papers lay the blame of the defeat of the party at Mrs. Cleveland's door. They say that she persuaded him to break his pledge and run for a second term. Such a charge is worse than unkind. About the only thing that would have reconciled the American people to the re-election of Cleveland would have been the thought that it would have pleased his wife. *Troy Telegram.*

Before the election the Prohibitionists of Missouri actually held sweet converse together over the possibility of carrying the state. But their total vote was only 5,954. As it was there so it was everywhere else. The third party issued formidable manifestoes of encouragement to its supporters, but somehow in no place did the results begin to justify the forecasts. Never before since the third party movement began has it received so severe a blow as this year. The path of reform lies in another direction, and the wiser element of temperance people clearly comprehend the fact. High license is the thing.—*Troy Times.*

Oh! ye who teach the ingenious youth of our great and growing nation, let them learn the noble art of self-defense, as Salvation Oil is the specific for hurts.

BRACE UP.

You are feeling depressed, your appetite is poor, you are bothered with headache, you are fidgety; nervous, and generally out of sorts, and want to brace up. Brace up, but not with stimulants, spring medicines, or bitters, which have for their basis very cheap, bad whisky, and which stimulate you for an hour, and then leave you in worse condition than before. What you want is an alterative that will purify your blood, start healthy action of liver and kidneys, restore your vitality, and give renewed health and strength. Such a medicine you will find in Electric Bitters, and only 50 cents a bottle at Van Deusen Brothers', Rondout, and F. J. R. Clarke's, Kingston, drug store.

WHY WILL YOU cough when Shiloh's Cure will give immediate relief. Price 10 cts., 50 cts. and $1. Sold by Frederick J. R. Clark.

RATTLESNAKES AS FOOD.

It was said of a strong political partisan that he would swallow rattlesnakes if party interests demanded it It is only men of this sort who, without protest, swallow the large, old-fashioned pills. Sensible people, requiring medicine to cleanse their systems, invariably use Dr. Pierce's Pleasant Pellets. They are unrivaled in all derangements of the liver, stomach and bowels.

ECZEMA, ITCHY, SCALY, SKIN TORTURES.

The simple application of "Swayne's Ointment," without any internal medicine, will cure any case of Tetter, Salt Rheum, Ringworm, Piles, Itch, Sores, Pimples, Eczema, all Scaly, Itchy Skin Eruptions, no matter how obstinate or long standing. It is potent, effective, and costs but a trifle.

The breath of a chronic catarrh patient is often so offensive that he cannot go into society and he becomes an object of disgust. After a time ulceration sets in, the spongy bones are attacked, and frequently, entirely destroyed. A constant source of discomfort is the dripping of the purulent secretions into the throat, sometimes producing inveterate bronchitis, which in its turn has been the exciting cause of pulmonary disease. The brilliant results which have attended its use for years past properly designate Ely's Cream Balm as by far the best, if not the only real cure for hay fever, rose cold and catarrh.

DR. DAVID KENNEDY,

Discoverer and Proprietor of Cherry Balsam, is not in a position to risk his reputation upon the success or failure of any preparation as to whose merits a single doubt exists in his own mind, and in recommending the Cherry Balsam for Coughs, Colds, Asthma, Bronchitis, and all bronchial pulmonary affections, he does so with the greatest confidence, having had the most gratifying results follow the use of Cherry Balsam, which he has prescribed for a long time in his private practice. The value of this preparation cannot be overestimated, and even were Dr. Kennedy's own assurance incredible the testimony of the hosts who have used it cannot be impeached. Cherry Balsam will prove effective in many cases of Incipient Consumption; also in Bronchitis and Asthma, where other preparations have not even afforded relief.

It is prompt in its effects, and is therefore a most reliable medicine to use in all complaints such as Croup, Whooping Cough and Hoarseness. A careful trial of Cherry Balsam will prove its superiority over similar preparations.

High-Pressure

Living characterizes these modern days. The result is a fearful increase of Brain and Heart Disease—General Debility, Insomnia, Paralysis and Insanity. Chloral and Morphia augment the evil. The medicine best adapted to do permanent good is Ayer's Sarsaparilla. It purifies, enriches and vitalizes the blood and thus strengthens every function and faculty of the body.

"I have used Ayer's Sarsaparilla in my family for years. I have found it invaluable as

A Cure

for Nervous Debility caused by an inactive liver and a low state of the blood."—Henry Bacon, Xenia, Ohio.

"For some time I have been troubled with heart disease. I never found anything to help me until I began using Ayer's Sarsaparilla. have only used this medicine six months, but it has relieved me from my trouble and enabled me to resume work."—J. P. Carzanett, Perry, Ill.

"I have been a practicing physician for over half a century, and during that time I have never found so powerful and reliable an alterative and blood purifier as Ayer's Sarsaparilla."—Dr. M. Maxstart, Louisville, Ky

★ Dr. David Kennedy's ★
CHERRY BALSAM.

For the cure of coughs, colds, sore throat, diphtheria, diseased lungs, asthma, bronchitis, whooping cough, etc., and all acute affections of the air passages, the chest, the pleura and the lungs. It contains no deleterious drug and can be safely administered to the most debilitated adult or the most delicate child. It strikes at the very root of pulmonary disease. Never conclude that a fresh cough "Will get well of itself in a few days." It may do so and on the other hand, by neglecting it, one may lay the foundation of some incurable pulmonary or throat trouble. Dr. David Kennedy's Cherry Balsam will relieve the cough almost immediately and prevent its becoming seated. Those whose business obliges them to travel and who labor more or less under chronic, consumptive or bronchial coughs should not fail to carry with them a bottle of Dr. David Kennedy's Cherry Balsam, taking it occasionally in small doses as they may feel the need. The cough will abate almost on the instant and the breathing and expectoration become more easy and free. It soothes any sense of irritation that may exist, subdues inflammation or soreness in the lungs throat and air passages, and prevents attacks which are always embarrassing and may prove serious during an absence rom home. No other preparation offered to the public possesses anything like the power of this one over these common and dangerous complaints. To all right feeling persons it is a privilege as well as a duty to provide for the comfort of the aged parents or other relatives who live with and depend upon them. A valuable help in this direction is Dr. David Kennedy's Cherry Balsam, which is more perfectly adapted than anything else to quiet and cure the winter cough to which so many old people are subject. Whether the cough arises from some chronic trouble or from mere feebleness and lack of vitality this gentle and safe medicine is equally effective.

RIKER'S
EXPECTORANT

Acknowledged by all who have used it to be the most wonderful cure in the world for Coughs and Colds.

Is warranted to cure any ordinary cough or cold or your money is returned. A pleasant, swift and sure cure for Coughs and Colds.

If taken as soon as you feel that irritation or dryness of the throat, occasioned by a cold, four to six doses will cure.

It won't cure a horrible sore throat in one night, nor in fact will it cure anything in that space of time. It takes at least a day or so to cure a cold, but

IT GETS THERE ALL THE SAME.

It stops your cough almost at once, but should you stop taking it after two or three doses probably your cough would return. One thing you can always be sure of: Long before you have emptied the bottle you will be "all O. K."

As a trial of this truly wonderful medicine costs nothing, and as 95 cases out of every 100 will be cured it is well worth your while to at least make the trial.

Price per bottle containing half a pint (enough to cure eight people if taken in time),

60 CENTS.

Views of Men Who Make Public Opinion, In Offices Dingy and Otherwise, Which Furnish Food for Thought And, Perhaps, Amusement.

Selections, it is true, sometimes omit things we would have greatly liked, but who will pretend to say that he always finds everything that would have pleased or profited him even when he makes his own choice?—*C. F. Richardson.*

What is news? Opinions differ. Here is what a number of exchanges of THE FREEMAN print:

What One Man Did.

[From the Fishkill Standard.]

Hugh McKeevers, a quarryman at Verplanck's Point, celebrated Harrison's election by exploding dynamite cartridges at a safe distance from his house. When it began to rain hard he entered his house, having one of them in his possession. He touched the fuse to the fire in his pipe and attempted to throw it out of the door, but it struck against the woodwork and fell into the room. McKeevers ran into an adjoining room, where his two children, aged three and 11 years, were sleeping, and threw himself on the bed and covered himself up. When the cartridge exploded it tore out the front and rear of the house, demolished the doors and windows, and badly wrecked the furniture. The bed on which McKeevers and his two children lay, was blown through the side of the house, but none of them were seriously hurt. The house was completely wrecked.

The Advanced Woman.

She went around and asked subscriptions
For the heathen black Egyptians
And the Terra del Fuegian's
She did;
For the tribes around Athabasca,
And the men of Madagascar,
And the poor souls of Alaska,
She did;
She longed, she said, to buy
J lly cake and jam and pie
For the Anthropophagi,
So she did.
How she loved the cold Norwegian,
And the poor, half-melted Feejian,
And the dear Molucca Islander,
She did;
She sent tins of red tomato
To the tribes beyond the equator,
But her husband ate potato,
So he did;
The poor, helpless, homeless thing,
[My voice falters as I sing]
Tied his clothes up with a string,
Yes, he did.
—*Ex.*

A Reckless Course.

[From the Hudson Republican.]

The Health Officer of Coxsackie writes the State Board of Health under date of Saturday to say that the body of Helen O'Connor, aged 9, who died of diphtheria at Guilderland, was brought to that village in an open wagon November 10, not disinfected, and buried there. The coffin was opened at the grave and viewed by the members of the family. Since then of those who viewed the body, an aunt died on the 11th, a brother, aged 4, on the 14th. The State Board notified the Health Officer that he must quarantine any persons affected with the disease.

A Drover's Costly Shot.

[From the Middletown Argus.]

Samuel Decker, an Orange County drover, while buying cows in the vicinity of Beaver Brook, thought it would be a good thing to provide himself with a gun, with which to kill any partridges which he might chance to see while on his travels. He accordingly armed himself, and, when he saw a flock of birds, fired at them, but his horse, unused to such proceedings, took fright and ran away, throwing Mr. Decker out, and before it was stopped it ran two miles, wrecking the wagon badly. Mr. Decker has figured up the cost of the one partridge which he secured, and is now satisfied that it is much cheaper to buy birds than to shoot them from a wagon.

Must the Hat "Go?"

[From the Coxsackie News.]

The man in pursuit of health, if he has carefully followed all the medical advice offered him from professional quarters, has given up meat, vegetables, milk, tea, coffee, fruit, tobacco, and most of his clothes. Now comes the cheerful news that hats, by reason of their hard margins, "exercise a constricting influence round the head," and compress the blood vessels of the scalp, with results of the direst character. Of a truth, man is much afflicted! The hat must go.

The Mills Bill.

[From the Port-Jervis Gazette.]

An Irish gentleman who promenades the Erie track, up the road, for both pleasure and pay, when informed by a friend, last week, that Cleveland had been beaten, naturally asked what caused his defeat. Among other things the friend named the Mills' bill. "Faith," said Patrick, "Oi've heard a good deal about this Mills bill. Why don't the government look it over and, if it's all right, pay the bill and be done with it?"

"Poveri! Poveris!"

"Feed My Sheep."

Come, let us ponder; it is fit—
Born of the poor, born to the poor.
The poor of purse, the poor of wit,
Were first to find God's open door—
Were first to climb the ladder, round by round,
That fell from heaven's door unto the ground.
God's poor came first, the very first!
God's poor were first to see, to hear,
To feel the light of heaven burst
Full on their faces. Far or near,
His poor were first to follow, first to fall!
What if at last his poor stand first of all?
—*Joaquin Miller, in the Century.*

Advice to Prohibitionists.

[From the Tarrytown Argus.]

The organ of the Prohibitionists puts forth the following lucid scream:

Don't keep striking the Republican party, say some of our good friends. We will. Before the nation we call upon God to sweep it away with the besom of his destruction.—*The Voice.*

Yes, yes, bold man, but the thing you got hold of did not besom good at this election, now, did it? It seemed to besom mostly at your end. Take the advice of a friend and do not go fooling around that particular besom any more.

Concerning an Alleged Jumper.

[From the Poughkeepsie News-Press.]

"The preponderance of the evidence," remarks THE KINGSTON FREEMAN, "appears to be that Brodie did not make as high a jump from the Poughkeepsie Bridge as he claims he did." The "preponderance of evidence" is that Brodie is a fool and a liar. He did not jump from the top of the bridge, because had he done so he would not now be alive to make the dunces in the Bowery stare and wonder.

An Alleged Swindler.

[From the Peekskill Democrat.]

The Sandy Hill Life Insurance Company was recently swindled out of $5,000. By false representations of an agent, physician and relatives a policy was issued on the life of Thomas Barrington, of Kingston, who died three months after of consumption, and the money was paid over to the widow, who divided with her accomplices.

Man and Broncho Race.

[From the Highland Democrat.]

There was an exciting race on Main-street, on Wednesday evening. The contestants were George Chase's broncho and John Soller, assistant in Charles Goethe's shop. The broncho was to trot 150 yards while the man ran 100 yards. The stakes were five dollars, and Soller won.

In November.

Poor naked wretches, whoso'er you are,
That bide the pelting of this pitiless storm,
How shall your houseless heads and unfed sides,
Your loop'd and window'd raggedness, defend you
From seasons such as these?
—*King Lear, Act III, Sec. 4.*

DOINGS IN DELAWARE COUNTY.

Concerning a Farmers' Club—A New Iron Bridge at Delhi.

Fair Delaware!—*Evening.*

The Walton Farmers' Club is likely to go to pieces for lack of interest.

Potatoes are being sold for 35 cents per bushel at Stamford and Grand Gorge.

The buckwheat crop in Delaware County is larger than was expected six weeks ago.

[From the Delhi Republican.]

The new iron bridge has arrived, is being drawn on the ground, and will be put up in a day or so if the weather permits. The new pier is of the same solid and substantial workmanship as those at Sherwood's bridge, and a wing wall and greater width of channel will, it is believed, prevent the undermining and damage by flood, which occurred last spring, and has rendered necessary this more adequate and substantial improvement, which will speak for itself very soon.

Mrs. John Tremper, of Stuyvesant Falls, spent a few days with her sister, Mrs. Philip Peelor, the past week.

SPECIAL BUSINESS NOTICES.

Two charming little girls were dancing "the racket" in the streets. "What makes you so happy?" a gentleman asked. "Oh! our ma's have thrown away all our horrid medicine, and we have only to take Dr. Bull's Cough Syrup, and that ain't bad at all."

THEIR BUSINESS BOOMING.

Probably no one thing has caused such a general revival of trade at VanDeusen Bros., Rondout, and F. J. R. Clarke's, Kingston, Drug Stores, as their giving away to their customers of so many free trial bottles of Dr. King's New Discovery for Consumption. Their trade is simply enormous in this very valuable article from the fact that it always cures and never disappoints. Coughs, Colds, Asthma, Bronchitis, Croup, and all throat and lung diseases quickly cured. You can test it before buying by getting a trial bottle free, large size $1. Every bottle warranted.

DR. HOXSIE'S CERTAIN CROUP CURE

Promptly administered, will cure any and every form of throat and lung trouble. Prevents pneumonia and consumption. 50 cents.

WILL YOU SUFFER with Dyspepsia and Liver Complaint? Shiloh's Vitalizer is guaranteed to cure you. For sale by F. J. R. Clarke, Kingston.

Dr. A. C. Henderson, of Brooklyn, N. Y., writes: "I find Pusteur's Barley Tonic invaluable as a blood regulator and strength-giving tonic, and as a cure for summer complaints."

Do you suffer with catarrh? You can be cured if you take Hood's Sarsaparilla, the great blood purifier. Sold by all druggists.

MARRY YOUR SONS WHEN YOU WILL, YOUR DAUGHTERS WHEN YOU CAN,

But in either case counsel them to use nothing but Hop Ointment for chapped hands and lips, sore nose, cold cracks and rough, pimply skin. Never fails. All druggists, 25 and 50 cents, or mail stamps to Hop Co., New-London, Conn.

Boils, carbuncles and other skin eruptions indicate that the system is endeavoring to reject poisonous acids, and that Ayer's Sarsaparilla is imperatively needed. It is the most reliable of all blood medicines. Ask your druggist for it, and take no other.

A DRUGGIST SAYS.

Marvin C. Brown, Druggist, Meredith Village, N. H., says: I have sold your Sulphur Bitters for years, and, contrary to most medicines, I never sold a bottle to any one who said it did not help them. They cured me of those terrible sick headaches when every other remedy failed.

STYLE.

The most fashionable color, at present, is the hue of health, and it will never go out of style. Its shades and tints are various, but all of them are exceedingly becoming. It is perfectly astonishing what a change is being daily wrought by Dr. Pierce's Favorite Prescription in the looks of sickly women. Sufferers from any sort of "female weakness" or irregularity, backache or nervous prostration should give it trial. All druggists.

ONE OF MANY.

VICTOR, N. Y., Feb. 1, 1887.

Mr. O. F. Woodward: Dear Sir: Send me one-half gross Kemp's Balsam, 50c. size, and a few samples. I certainly know that Kemp's Balsam is the best selling cough cure. I have fifteen other cough and lung remedies on my shelves, and Kemp's Balsam sells 10 to 1 best of all. Respectfully yours,

F. E. COBB.

Sold by all druggists at 50c. and $1. Sample bottle free.

PILES! PILES! ITCHING PILES.

Symptoms—Moisture; intense itching and stinging; most at night; worse by scratching. If allowed to continue tumors form, which often bleed and ulcerate, becoming very sore. Swayne's Ointment stops the itching and bleeding, heals ulceration, and in most cases removes the tumors. At druggists, or by mail, for 50 cent. Dr. Swayne & Son, Philadelphia.

THE REV. GEO. H. THAYER, of Bourbon, Ind. says: "Both myself and wife owe our lives to SHILOH'S CONSUMPTION CURE." Sold by Frederick J. R. Clark.

SICK WIVES AND DAUGHTERS.

You have often seen them with pale faces, poor appetite, head and back ache, symptoms common to the sex. Fathers and mothers lose no time in securing Dr. David Kennedy's Favorite Remedy, of Rondout, N. Y.

It will cost only one dollar and is much cheaper than sickness.

If your druggist does not keep the medicine, address the proprietor, Rondout, N. Y.

Will be found an excellent remedy for sick headache. Carter's Little Liver Pills. Thousands of letters from people who have used them prove this fact. Try them.

ARE YOU MADE miserable by indigestion, Constipation, Dizziness, Loss of Appetite, Yellow Skin? Shiloh's Vitalizer is a positive cure. Sold by Frederick J. R. Clark.

Hood's Sarsaparilla is a purely vegetable preparation, being free from injurious ingredients. It is peculiar in its curative power.

HEARD ON THE STREETS.

LOCAL SHEAVES GATHERED TO-DAY FROM THE HARVEST OF NEWS.

And the Sickle Cut a Wide and Deep Swarth Leaving no Aftermath, and all the Grain is Here in "Freeman" News Paragraphs.

Facts are stubborn things.

What is the local news this Twenty-second day of November? The most startling news is that two prisoners in the Ulster County Jail tried to escape.

SOME SPORTING MATTERS NOTED.

Horse Race on Kingston Driving Park To-Morrow—Coming Walking Match.

At the meeting of the Base Ball Convention to-day in New-York City A. L. Christy, who, it is said, represents a syndicate, offered $150,000 for the Philadelphia Club, but its managers want a higher figure.

There will be a trotting and running race at Kingston Driving Park to-morrow afternoon. The programme includes a trotting race, between Ernest Steuding's bay gelding and L. Stewart's chestnut gelding; a running race between Marcus Lane's s. g. Donkey; A. Lasher's b. m. Black Bess; Frank Newmyer's b. g. Dashway; Marcus Lane's s. g. Peter; Ernest Steuding's r. m. Higginsville. A horse race so late in November is a novelty to horsemen hereabout.

The Kingston Driving Park track, in the morning before the sun has thawed the ground, is a fine place for driving or 'cycling. The frost never makes this track hard because of the sandy nature of the soil. "I never had a smoother or swifter ride over a road than to-day," said a Kingston 'cyclist. "Where the track has been worn down by wagons, it is smooth as a floor. My wheel ran over the road without a perceptible jar. When the wind was on my back it ran without my touching my pedals oftentimes for a quarter of a mile. The air was keen, but not disagreeable, and it was decidedly bracing. To those 'cyclers who fear the cold I can say that I wasn't a bit cold. I wore a cap pulled well down and of course had gloves on my hands."

A dispatch to THE FREEMAN from New-York City this afternoon stated: Up to noon to-day the following pedestrians had paid the entrance fee and will probably be the starters in the six-day go as-you-please walking match which commences at midnight November 25; Littlewood, England; Patterson's "unknown;" G. Mason, England; T. C. Adams, Bristol; Hazel, England, James' "unknown;" Cartwright, England; Henry Brown, Hartford; Samuel Day, Philadelphia. Matthew Sackie, Brooklyn; Frank Hart, Boston; Robert Vint, Brooklyn; Robert Peach, New-York; Herty, Boston; Joseph Grezna, Austria; Guerrero, San Francisco; Campana; John Hughes; Burns' "unknown;" Frank Desmond; John Maloney; Norman Taylor, the "Pie Eater," Vermont; John Craig, Ireland; Thomas Haworth, Atlantic City; Rafferty's "unknown;" Noremac; Fox's "unknown;" Peter Golden, New-York; Benjamin Washburn, St. Louis; Hegelman, Germany; Henry Meyers, Germany; John Bugeldrum, South Bend, Ind.; George Hoffman, Brooklyn; George Connor, England; W. E. Barnum, England; Daniel Dillon, England; Peter Van Ness, New-York; Alfred Elson, Connecticut; Archie Sinclair, Scotland, and E. C. Moore, Philadelphia. Albert, of Philadelphia has not entered as yet, but may do so to defend the championship.

MINOR NOTES AROUND THIS TOWN.

Facts, Fancies and Gossip Heard by Reporters Here This Day.

Fair weather is promised for Friday.

"Sea gulls" can now be seen hovering near the Rondout light-house.

The labors of the campaign poets are concluded. Their achievements were great and their work laborious

The members of the Fourteenth Separate Company will hold a full dress drill at their armory, on Union-avenue, this evening.

"Women's head gear is so much like men's that women can appropriate a man's hat and wear it without being at all conspicuous," said a Kingston man to-day.

The Union League Club will tender a reception to Hon. Warner Miller in New-York City, this evening. Several Kingston City gentlemen will be present.

Kingston ladies have secured the rooms of Kingston Lodge No. 10, F. & A. M., for the purpose of holding sociables. The first one will be held on Thanksgiving Eve.

A "peculiar disease" is said to afflict dogs in Dutchess County. If some of the snapping and snarling mongrel dogs in this City could only "catch it," their number might be lessened.

Lewis I. Patchen, of Rondout, has on exhibition in his office the dried head of a 10-pound pickerel which he caught in the St. Lawrence River. The skin is stretched in such a shape that the head looks like that of a fox, and which it has frequently been taken for.

President-elect Harrison has received and answered 44 letters from parents who have named babies after him. By the way, a 12-pound colored boy was born last week in the Seventh Ward which has already been named Benjamin Levi Harrison Morton Martin Monett Barney, and THE FREEMAN hears that other names are to be put on as soon as he gets big enough.

WALKING ON THE HUDSON RIVER.

What the Latest Aspirant for "Fame" Told a Reporter Yesterday.

C. W. Oldreiv, who is essaying to walk on the Hudson River from Albany to New-York, reached Poughkeepsie at about 6 o'clock last night. He was benumbed with the cold. After resting about an hour he started again on his watery journey. Yesterday morning when the amphibious pedestrian was at Rhinecliff he told a reporter of THE FREEMAN that the task he had undertaken was more prodigious than he expected it would be when he started out. The Professor said there was one advantage in walking on the water and that was there were no stones to tumble over in his path. One man near Saugerties who saw the walker, put off from the shore in a duck boat with his gun, believing that Oldreiv was a new species of game. The sight of a man walking on the water is a novelty to passengers on steamboats.

A dispatch from Newburgh at 3:30 o'clock this afternoon stated Oldrieve, the water walker, has not yet arrived here on his way down the Hudson River.

JAIL BIRDS! TRY TO ESCAPE HERE.

Jailor Isaac Carman Makes a Discovery in The Very Nick of Time.

This morning when Isaac Carman, the Jailor of the Ulster County Jail, in Kingston, made his usual examination of the cells he found that one of the iron bars of a window of a cell in which were Patrick McManus, of Milton, charged with mayhem, and William Dobson, a canaller, charged with grand larceny, had been sawed almost entirely off.

There are double iron bars at the window and the men intended to saw off the other bar to-night and then escape.

In the cell were found two case knives which had been made into saws by notching the blades.

Wedded in Kingston.

On Wednesday evening Daniel Williams and Miss N. L. Eighmey, both of Kingston, were married. The ceremony was performed at the residence of the bride's father. The officiating clergyman was the Rev. J. Ackerly. There were many guests. The presents were elaborate. The bride wore a dress of cream white Henrietta cloth trimmed with satin, and carried a bouquet of roses.

Remarkable Hens.

A man at Downsville says his hens have laid boiled eggs since Harrison's election. He contends this is due to the heated campaign.

KINGSTON PHILHARMONIC SOCIETY.

Arranging for the Coming Festival Here—Rehearsal at City Hall Last Night.

Then let the Muses, with such notes as these.—*Waller.*

The members of the Kingston Philharmonic Society had a rehearsal last evening. Of the 250 members now on the rolls of the Society, about 140 were present, classified as follows: Sopranos 75, Altos 25, bassos 25, tenors 15. The rehearsal began at about 7:30 o'clock and lasted, with two brief intermissions, until 10 o'clock. On the programmes for the various concerts to be given on the Festival week are several pleasing anthems and secular choruses. Portions of these were rehearsed, beginning with the Spinning chorus from Wagner's opera, "Flying Dutchman." In this chorus the singers did excellently. The next piece taken up was an anthem from Mendelssohn's "St Paul"—"But the Lord is Mindful of His Own." From this the Conductor passed to the Easter anthem "This is the Day Which the Lord Hath Made." The chorus work in both the anthems was commendable. The lullaby song, "Sleep, Darling, Sleep," was sung effectively. "Farewell," a popular piece among Germans, was rehearsed without piano accompaniment. The chorus was full and strong. After rehearsing the "Chorus of the Sons of Japhet" the balance of the time was given to Haydn's Oratorio of the "Creation," which will be sung in the last concert of the festival. The rendition of this oratorio with a chorus of from 400 to 500 voices will be one of the greatest efforts of Ulster County vocalists. The concerts on the week of the festival promise to be liberally patronized. For the Festival the Kingston City vocalists will be strengthened by the members of the Marlborough Choral Union, who are rehearsing actively, and there will also be singers from Gloversville, Schenectady, Hudson and other places. There will probably be three more rehearsals under Conductor Hulslander, before the festival, one on next Tuesday evening and two others on the evenings of December 4 and 5. There will also be rehearsals under the personal direction and leadership of Carl Zerrahn. The singing will be supplemented by one of the leading orchestras in the United States, Blaisdell's, of Boston, consisting of 25 performers. The rehearsals and public concerts during the week of the Festival will be conducted by Carl Zerrahn. The specialists and soloists engaged are Rafael Josefy, pianist; Mme. Fursch Madi, soprano; Miss Marie Van, soprano; Miss Gertrude Edmonds, contralto; George J. Parker, tenor; Myron W. Whitney, basso; Mrs. Martha Dana Shepard, accompanist.

AS RELATED BY REPUTABLE CITIZENS.

A Strange Occurence on Union-Avenue, Rondout, at About 7 O'Clock this A. M.

A strange sight was witnessed on Union-avenue, Rondout, at about 7 o'clock this morning. A body of fine snow, shaped like a huge funnel, came down. In its descent it was whirled around by a cyclone of wind. Albert Mauterstock ran into a store. He said he was afraid that he would be picked up by the wind and swept away. When about 50 feet from the ground the wind scattered and the funnel of snow burst and was strewn a long distance. For a moment the air was so filled with snow that objects on the opposite side of the street could not be discerned.

Here Too.

Wanted—Somebody to talk for three minutes who will not use the word quite. It is time for the men and women who insist upon saying that they are "quite" well, or that the day is "quite" cool, or "quite" pretty, or "quite" beastly, or that the play is "quite" good or "quite" the reverse ought to be made to move along. GRAND TOUR THROUGH MEXICO AND CALIFORNIA.

One of the most elaborate and comprehensive of the Raymond & Whitcomb tours is the Mexico and California excursion. A party of limited size goes through the Southern States, Mexico and to the Pacific Coast in a magnificent Pullman vestibuled train, which includes a dining-car, barber shop, bath room and library, in short, a complete "hotel on wheels." The cars are used as lodging places only where first-class hotel accommodations are lacking, but this must frequently be the case in Mexico. With such facilities for comfort at command the party can visit many out-of-the-way points. Not one tourist in a thousand sees half the places that are visited by a Raymond & Whitcomb excursionist. New and important additions have been made to the route this year, both in Mexico and California. One of the new points to be seen is the quaint and interesting City of Guadlajara, which has just been placed in railway communication with the outside world. A corps of guides and interpreters accompanies the sight seers everywhere, and many special facilities for observation and study are afforded the visitors; high Mexican officials, and the people of the country generally, looking with great favor upon a scheme that brings into their midst travelers of the most intelligent class. There will be three tours through Mexico the coming season—two including California and one omitting it—Monday, January 14, being the date of departure of the first party. Full details may be learned from a circular, which will be mailed free by J. M. Jenkins, 257 Broadway, New-York. The second and third parties will leave February 11 and March 11. There are to be several California excursions in December, January, February and March.

The Nerves

Romberg says that "neuralgia is the prayer of the nerves for healthy blood." This is equally true of every form of nervous disease. If the blood is in a normal condition the nervous system receives from it the strength its functions require. Hence the all-important question of the purification of the blood again impresses itself upon us. A moment of careful thought enables us to realize why Hood's Sarsaparilla by its power to purify the blood produces cures in a great variety of diseases to an extent hitherto unknown.

Nervous Headaches

"I have been for years a great sufferer from nervous headache of an unusually severe type. I have tried a great many remedies but never found any relief till I began to use Hood's Sarsaparilla. Before the second bottle was gone my headaches were not so severe nor so frequent. I am just beginning the fourth bottle and have not felt so well for years. The confused dizzy feeling in the head is absolutely gone and my general health is wonderfully improved. I write this hoping it may induce some other sufferer like myself to try this invaluable medicine." MRS. W. S. CARTWRIGHT, Shelter Island, Suffolk Co., N. Y.

FELT MEAN.

"I have been troubled a great deal with headache, had no appetite, no strength and felt as mean as anyone could and be about my work. Since taking Hood's Sarsaparilla I have not had the headache, my food has relished and seemed to do me good and I have felt myself growing stronger every day." M. A. STEINMAN, 19 Grand-Ave., Grand Rapids, Mich.

N. B.—If you decide to take Hood's Sarsaparilla do not be induced to buy anything else.
